FOREIGN STUDENTS MEET FOR DISCUSSION

Speakers Will Treat The Subject Of Engineering And Industrial Problems In India.

Dr. Strong, who has recently returned from an investigation trip through India, and is preparing a book on the industries of India, will speak before the Discussion Group on Foreign Engineering, Condition at 21 Boggs, Thursday at five. India, says far, has been a nation that exported agricultural and raw products. The situation is changing as the Indian people are acquiring more of the western education. Dr. Strong will speak not only of the past work, but also of future lines of development.

Mr. Bann, a graduate of the Presidency College of Calcutta, will speak on the "Educational Program at Calcutta University," with special reference to scientific education. He will be able to answer questions on the situation in Calcutta, which is perhaps the most important district in India.

A complete report of the work of Mr. D. C. Churchill, M. I. T., '99, will be presented at the meeting. Mr. Churchill invented the joint loom which has made possible an increase in the production of cloth in the common Indian home. He is the head of a tapestry mill, working Almora, and combines it with industrial teaching. His efforts in solving some of the industrial problems of India are so valuable that the government is now partly supporting his plant. All Technology students are welcome at the meeting.

MENORAH MEETING

A Society To Study Hebrew Culture Established.

A meeting was held yesterday afternoon at the Union to consider establishing a Menorah Society at the Institute. The speaker of the meeting was Mr. Isadore Levin, former president of the Harvard branch of the society and present chairman of the national organization. Mr. Levin explained that the purpose of the society was to study Jewish culture and ideals. Although most of the members are Jewish, the society is strictly non-sectarian and non-Jewish men are admitted as members.

Mr. Levin spoke of the need of a knowledge of Jewish problems. A discussion followed the talk at the close of which a motion to establish a Menorah Society at the Institute was made and carried. Following this, L. T. Mann was elected temporary chairman and a committee composed of the chairman, Berko- witz, and Levin was appointed to discuss the matter over with Dean Burton and draw up a constitution.

HOKEY TEAM

The Technology Hockey Team held a banquet last night at the American House in the course of which C. C. Cochrane, '17, was elected captain and J. W. Young, Jr., '17, was elected manager. Mr. Young was the assistant manager for the past season.

The New No. 5 Printype Oliver Typewriter makes an ideal machine for students' use. It is a marvel of simplicity, durability and ease of operation. Printype your notes and they will be twice as valuable to you.

Easy terms if desired.
