RIFLE CLUB ELECTS
Keating Chosen President—Dunn Captain—No Trip Friday.

At a lengthy meeting of the Rifle Club Monday noon, A. E. Keating, ’17, was elected President by a narrow margin to succeed E. J. Casselman, ’16. C. T. Dunn, ’15, was elected Captain. Casselman has been president and captain for the past year, but the pressure of other work necessitated his resignation as an official of the Rifle Club.

Owing to the small number of men going out last week, there will be no Friday trip of the club this week.

A list of those eligible for the Saturday trip will be posted on the Union bulletin board tomorrow, and those desiring to go are requested to check off their names at once.

Several members are requested not to sign up after that number have checked off. Members after whose check a number is placed will understand that they are to call at the South Armory Saturday before 1:30 to take out the rifle of that number.

The train leaves the North Station at two o’clock.

The president requests that all members leave a note at the Cage at once indicating any preference in regard to rifles, information as to what days of the week would suit their convenience, and whether or not Saturday can possibly fit their schedules.

The president purposes to assign each man a definite rifle according to his convenience, and whether or not he wishes to attend the camp nearest the city.

Spring Concert
Judging from the large sale of tickets to the Spring Concert of the Combined Musical Clubs, the new system of selling is proving popular with the students. The saving of fifty cents is appreciated by the majority of the men. Beginning Friday, April 9th, and every Monday thereafter, tickets may be purchased at the Union for reserved seats. The preliminary dance orders will be cut by Friday of this week. The twenty dances have been arranged in a very attractive order, and the management has succeeded in securing Pooe’s orchestra. The clubs have made a material improvement in technique and will give a successful start to the Junior Week festivities.

Class Day Committee
The regular weekly meeting of the Class Day Committee will be held at 4:30 in 20 B instead of 11 B.

of work accomplished by the students may be supposed to have been slight but not limited to relaxation and good times. Such, however, was not the case. The festivities were usually held by the officers in securing for the students the convenience and the opportunity to meet the best people of the city.

The camps proposed for the summer of 1913 are as follows: one at Plattsburg, New York, one at Ludington, Mich., one at Chickamauga, Ga., and one at Fort Winfield Scott, Cal. Plattsburg will have the advantage that it is to be located near one of the finest summer resorts in the country.

TUXEDO TRENDS
Christy Mathewson, lovingly known as "The Old Master," is probably the greatest pitcher baseball has ever known. This wonderful athlete is noted for his clear headed common sense, his quick wits, perfect physical condition, and absolute control over his nerves. His use and endorsement of Tuxedo prove that this inspiring and healthful tobacco is helpful to mind and body.

Tuxedo
The perfect tobacco for pipe and cigarette

just sort of oozes its gentle way into your life and suddenly you realize its powers for good—because it puts peace in your mind and a happy taste in your mouth. Tuxedo’s flavor is so enticingly mild and delicately fragrant it will not irritate the most sensitive throat.

All the bite and sting have been removed by the famous "Tuxedo Process." This exclusive process of refining the very best Kentucky Burley tobacco has been widely imitated, but without success.
