That the Catholic Club of the Institute is a live and growing organization was made evident at the regular meeting held Wednesday evening. After the supper those present listened to a few remarks from Father Scanlan, the spiritual director, as the latter finished his address, Mayor James M. Curley was announced and a cheer was given for the guest of honor. The Mayor immediately launched into his subject and for an hour held the closest attention with the facts concerning "Municipal Administration." Some of the Mayor's points were that weakness in the municipality is in the failure to standardize. Many of the now intricate details in city management could be brought under better comprehended boards and greater efficiency would result.

Federal activities are carried on. For instance 1918 baseball team for the election of captain will be held in Room B. Union.

The annual freshman-Sophomore cross-country run was held Saturday morning. Among the others who have signified their intention of trying for the team, it seems certain that Tech will be represented in soccer next fall.

Irving W. Young was elected provisory manager and will arrange a schedule for next fall, selecting from the following teams: Andover, Middlesex School, Worcester Academy, Jacobin Gym and Harvard varsity and "Amen.

The following" were among those present at the meeting: T. C. Hal, who has had five years' experience of Tech entering Tech; J. I. Connolly; A. Ho- bbit; O. Nielson, who has played on teams in Denmark; J. Forth, T. K. Kao, captain of the U. of Wisconsin team; M. Da- Costa; S. M. Bagdyan; A. D. Nuthe; G. Fehr; C. I. Creiser, two years on Hopkins Academy team; D. W. Young, three years at Andover and Captains one year; S. S. Ban, two years at Andover and Captains one year. Among the others who have signified their intention of turning out.

Mayor Curley Honors The Catholic Club

Chief Magistrate Of City Speaks At Largely Attended Dinner.

FRESHMAN-SOPHOMORE WRESTLING MEET

Inter-class Matmen To Grapple For Their Numerals Next Friday Evening.

The second annual inter-class wrestling meet will be held next Friday evening in the M. I. T. gym at eight o'clock. One man in each class will receive numerals and in event that more than one bout is held in any class the winners will have to scrap it out. Last year the freshman matman took every bout but lost the final match to the sophomore so they will be barred from this year's sophomore team.

The annual freshman-Sophomore cross-country run was held Saturday morning. The last man to finish was Lacey, a freshman, who came in fifteenth and the sixteenth place is given to the second year men to make up the team of six men necessary to secure the team. It runs three miles. It remains a question whether or not the Sophomores will forfeit the race by not having the full number of men start.

Last year he showed up as one of the freshmen. Among the others who have signified their intention of trying out.

Platinum And Quick Silver Mining To Be Discussed.

On Friday, April 2, at 7:30, Mr. W. S. Hutchinson, Technology '93, will address the Mining Society on the subject of quicksilver mining in Arizona. He will also speak of the discovery of platinum at Good Springs, Nevada. The subject here is unique in being the only lode mining for platinum in the United States. Along this same line, Professor C. P. Locke will discuss the occurrence and assaying of platinum. The meeting will be held at the Union.

The Tech Transcript To Speak.

Wednesday evening at 6:30 The Tech will hold a banquet at the American House at which the elections to The Tech, Vol. XXXV, will be announced. Mayor James M. Curley, Mr. J. T. Williams, Editor of the Transcript, and Mr. I. W. Litchez will be the speakers. Mr. John Bichie, the members of The Tech Advisory Council, and several of the most prominent Institute undergraduates will be among the guests. All those men who have been elected to positions on the paper are invited to attend.

The following" were among those present at the meeting: T. C. Hal, who has had five years' experience of Tech entering Tech; J. I. Connolly; A. Boldt; O. Nielson, who has played on teams in Denmark; J. Forth; T. K. Kao, captain of the U. of Wisconsin team; M. DeCosta; S. M. Bagdyan; A. D. Nuthe; G. Fehr; C. I. Creiser, two years on Hopkins Academy team; D. W. Young, three years at Andover and Captains one year; S. S. Ban, two years at Andover and Captains one year. Among the others who have signified their intention of turning out.

At the meeting of candidates for the seats, who are not patrons or dollar seats, who are not patrons or dollar seats.

MEETING.

That the Catholic Club of the Institute is a live and growing organization was made evident at the regular meeting held Wednesday evening. After the supper those present listened to a few remarks from Father Scanlan, the spiritual director. As the latter finished his address, Mayor James M. Curley was announced and a cheer was given for the guest of honor. The Mayor immediately launched into his subject and for an hour held the closest attention with the facts concerning "Municipal Administration." Some of the Mayor's points were that weakness in the municipality is in the failure to standardize. Many of the now intricate details in city management could be brought under better comprehended boards and greater efficiency would result. If departments could be run as many of the federal activities are carried on. For instance the Post Office Department. Tala gigantic business which is carefully run by the Federal Government is a standardized affair and, while to the layman, it seems that a man of more than the ordinary capacity is required to head the work, it is actually the man with every day sense could hold down the position because the lines are so divided and taken care of. In the case of the city this ideal condition is not realized because the old influence will be felt for some time to come. The following are among those present at the meeting: T. C. Hal, who has had five years' experience of Tech entering Tech; J. I. Connolly; A. Boldt; O. Nielson, who has played on teams in Denmark; J. Forth; T. K. Kao, captain of the U. of Wisconsin team; M. DeCosta; S. M. Bagdyan; A. D. Nuthe; G. Fehr; C. I. Creiser, two years on Hopkins Academy team; D. W. Young, three years at Andover and Captains one year; S. S. Ban, two years at Andover and Captains one year. Among the others who have signified their intention of turning out.

The Tech Transcript To Speak.
