WENTWORTH INSTITUTE

DEFEATS FRESHMEN

Ragged Playing By Both Teams — 1917 Plays 1918 This Afternoon.

Last Saturday, Wentworth Institute defeated the 1918 team, eleven to five. The playing was very ragged. Wilson and Ryan showed up well as pitchers but Smith was hit heavily. Jones, in centre field, furnished the sensations of the game by two catches which seemed miraculous considering that the outfield was very rough.

Today at 4 o’clock, 1917 plays 1918 on the Fenway playground behind the Art Museum.

If there is any truth in the rumors concerning the play part by the Wrestling Team and a few fraternities in Technique Rush it is time the student body reached a definite understanding as to “the rules of the game.” If the consensus of opinion that the contestants in the Rush should form organized teams, let those who wish to enter individually be informed that their presence is not desired as they are apt to interfere with the team work of the other contestants. If it is the consensus of opinion that the contestants in the Rush should work individually, any group of men which procures a book by team work should be barred from entering all Rushes in the future.

We are not at great loss to predict what the consensus of opinion will be. Technique Rush is by its nature a contest for the individual. If the undergraduates are susceptible to the appeal of fair play we believe that next year’s Rush will have a somewhat different aspect.

CHEMICAL SOCIETY

The election of officers for the Chemical Society will be continued until Monday at 5 o’clock. Ballots may be obtained at the Cage.

A.C.T.S., not words, is the best way to teach folks. Even wild ducks follow the "fliers."

Smokers follow the real thing, too. Silly claims may "catch" for a while but the genuine, proved integrity of VELVET tobacco, and VELVET's own seed-in-the-wood smoothness, finally wins. The tin and 5c metal-lined bags.
