THE TECH

COMMUNICATION

To the Editor of The Tech:

There has arisen a misunderstanding as to the meaning of questions 2 and 3 on the Institute Committee ballots which have been distributed. Some have thought that a $3 or $5 tax for athletics alone would not include admission to all athletic events. This is not the case, as any tax for athletics alone would, of course, include admission to all games and meets, and on payment of $3 or $5 a student would receive a season ticket to all athletic meets.

It is desired that everyone answer all questions.

"Blanket Tax Committee."

MONDAY, MAY 3, 1915

Although the time for filling out the Institute Committee's ballots is already half over, scarcely three hundred have been handed in at the office. This number is far less than the number required to obtain a representative expression of student opinion, and unless the ballots come in more rapidly it looks as if the Institute Committee must forever despair of ascertaining whether the students think or what they think. Any doubts which exist concerning questions 2 and 3 will be cleared up by the Institute Committee's ballots is in more rapidly it looks as if the Institute Committee must forever despair of ascertaining whether the students think or what they think. Any doubts which exist concerning questions 2 and 3 will be cleared up by the Institute Committee.

Blue Serge Suits

$25.00

We make and sell the $25.00 blue serge suit in the United States.

This suit appeals strongly to college men. We sell them in large quantities at Harvard, Williams, Dartmouth, Exeter, Andover, Union College, Schenectady, and now.

We want to introduce them to Tech. men

They are made right—we make them in our own workrooms.
