NEW CROSS COUNTRY CAPTAIN IS ELECTED

Raymond G. Brown Will Lead Team During Next Season.

Raymond Grant Brown, '16, was elected captain of the cross country team for the coming season by a large majority. Brown, who comes from Metacomet Highlands, is a member of Course XVII. He also belongs to the Kappa Sigma Fraternity.

Last year was his first on the track team and he competed with moderate success. It was not, however, until this past season that he showed any remarkable ability.

His first achievement of the year was the taking second place in the Handicap Cross Country Race, held on Oct. 17. In this race he also won the Handicap Cross Country Race, held on Oct. 17. In this race he also won the Fifteenth man to cross the tape, as well as being our second man. In the New England he did even better, finishing last in the field and being our second man. In the New England he did even better, finishing ninth in the field and showing no remarkable ability.

TAKES WESTERN TRIP

Professor Spofford, head of Course I, was present last evening at the organization of the Johnson (Penn.) Engineering Society, Monday he gave two addresses, one in the afternoon and another the same evening at Chicago before the Western Society of Engineers.

CIRCULATION MEN

There will be an important meeting of the circulation department of the Tech in the Upper Office this afternoon at 1 o'clock. Manager Dodson requests every man to be present.

INSTITUTE COMMITTEE HOLDS LAST MEETING

Yesterday the Institute Committee held its last meeting for the year. The report of the Budget Committee was received. It was decided to send the two men who show up best in the New England Intercollegiates to the Intercolligate Meet at Philadelphia in June.

General Manager Lord of Tech Show '15 turned over fifteen hundred dollars to the Institute Committee. A full report of Tech Show '15 is found elsewhere in this issue.

The report of the Blanket Tax Committee was heard after which the Institute Committee voted to adopt the plan involving the three-dollar athletic ticket. This subscription will be matched with a subscription to admission to certain meets and hockey games, to be decided on later by the Athletic Association. Power was given the Executive Committee to appoint a committee which shall carry on the work so that the tickets will be ready at the opening of the next year. A plan whereby a person pays five dollars for certain privileges will be developed later, as there will not be sufficient time to accomplish the necessary work and put the plan into operation before next fall.

The temporary officers for the incoming freshman class were appointed. They are Walter Harrington, Chairman, E. F. Brooks, Secretary, H. B. Gardner, Manager of Relay Teams; and H. L. Wood, Manager of tug-of-War Team.

DEAN BURTON AT MAINE

Dean A. E. Burton is to be the guest of the Association of Administrative Officers of Colleges of New England at the meeting at Orono, Maine, next week. The occasion will mark the entrance of Technology, through the Dean, into the Association which has heretofore included only academic institutions.
