TRACK MEET  
(Continued from Page One)
of Dartmouth all sure of making a good showing.
Dartmouth looms up strong in the hurdles, having both Tremblay and Braun, as well as Brady and Flake. Tremblay has been doing better work than Braun so far this season and is all the more likely to take first place, but Technology is by no means out of the running, for with Huff in form and Sewell and Foster, the Green athletes should have kept themselves in good form. How- donk looks good in this event, Savage having run the "lows" in 26.5-5 sec-
sconds last Saturday. French of Maine must be considered in the high-hur-
dles, as he has been clocked close to 16 seconds.

Manhattan Track Jockeys this year do not appear exceptional and although Sul-
ivan and Teemon of Technology, both place winners last season, are en-
trusted with either man in the team. The competition, however, is not very keen and both should place again. Dart-
mouth will depend upon Smith, how-
ever, the other colleges are poorly repre-
sented. The broad-jump event should bring out the best performance of all the field entries, because WXor-
nington of Dartmouth has been leap-
ing consistently over 23 feet all sea-
son, and his team-mate, Nordell, has a like record. French of Maine has been doing consistent work and is likely to break into the 23 feet class. Technology will depend on Colleary and both should place again. Dart-
mouth is the favorite in the pole-
vault for Rector did 11 feet 6-1/2 inches in the meet at Pennsyl-
vania and his team-mate, Hulbert, has also done close to the "dezen" mark. Lawson, M. I. T., pulled a tenber in the bowedon meet and can-
not be counted out of the running. Bowdoin, Hotton of Maine, Potier of Westey, and Maxon of Trinity, have all done above the average this sea-
son.

With the exception of Bailey of Maine, the Dartmouth weight men stand far above the other teams. Speres, Smith, Trier and Purdith should have little trouble in "clean-
ing up" for the Green team, but Bailey can be counted on as a sure record breaker in the hammer-throw. Bowdoin has a good man in Lead-
better and Maine looks strong with Allen. Technology is exceedingly weak in all the weight events and can hardly be expected to place.

NAVALS DINE 
Banquet To Be Held Saturday At Cafe Bova.
The Naval Architectural Society will hold its annual dinner next Sat-
urday evening at 6:15 o'clock at the Cafe Bova, 96 Arch street.
The speakers will be Mr. B. C. Bissell, naval architect of the Pure
River Shipbuilding Corporation, who will speak on the "Functions and
Management of a Shipyard Drafting Office," and Mr. George Owen, who
will describe the torpedo experiment boat, "Emblano," designed by him
and built by the Bath Iron Works for the E. W. Bliss Company.

THE TECH  
Established as a second-class matter, Decem-
ber 31, 1911, at the postoffice at Boston, Mass., under
the act of Congress of March 4, 1879.
Published tri-weekly during the coming year
by students of the Massachusetts Institute of
Technology.

dition to single copies. Subscriptions within the Boston Postal
District must be accompanied by postage at the rate of one cent a copy.

WEDNESDAY, MAY 19, 1915.

The possibility of a gift of $25,000 to Technology by the Class of 1915 is a matter of such great importance that only the attendance of the entire Senior Class Thursday noon can ensure a proper consideration of the proposition. Since its founding the Institute has labored continually un-
der financial stringency, and if the proposed plan can be put through it will aid materially in lessening this handicap. Here is an opportunity which combines at once a good busi-
ness deal and a chance of helping the college. The competition, however, is not very keen and both should place again. Dart-
mouth will depend upon Smith, how-
ever, the other colleges are poorly repre-
sented. The broad-jump event should bring out the best performance of all the field entries, because WXor-
nington of Dartmouth has been leap-
ing consistently over 23 feet all sea-
son, and his team-mate, Nordell, has a like record. French of Maine has been doing consistent work and is likely to break into the 23 feet class. Technology will depend on Colleary and both should place again. Dart-
mouth is the favorite in the pole-
vault for Rector did 11 feet 6-1/2 inches in the meet at Pennsyl-
vania and his team-mate, Hulbert, has also done close to the "dezen" mark. Lawson, M. I. T., pulled a tenber in the bowedon meet and can-
not be counted out of the running. Bowdoin, Hotton of Maine, Potier of Westey, and Maxon of Trinity, have all done above the average this sea-
son.

With the exception of Bailey of Maine, the Dartmouth weight men stand far above the other teams. Speres, Smith, Trier and Purdith should have little trouble in "clean-
ing up" for the Green team, but Bailey can be counted on as a sure record breaker in the hammer-throw. Bowdoin has a good man in Lead-
better and Maine looks strong with Allen. Technology is exceedingly weak in all the weight events and can hardly be expected to place.

CROSS COUNTRY TEAM 
Coach Kanaly Wishes All Men To Be At Meeting.

There will be a meeting of the can-
didates for next season's Cross Coun-
try Team today at 1:30 o'clock in Rooms 56 and 57. Coach Kanala,
ly wishes to get a line on the pros-
pects for next year and urges every man who expects to come out for the tea-
mun to be present.

THE TECH ADVERTISERS

Blue Serge Suits
$25.00

We make and sell the best twenty-five dollar blue serge suit in the United States.

This suit appeals strongly to college men. We sell them in large quantities at Harvard, Williams-town, Dartmouth, Ex-
eter, Andover, Union College, Schenectady, and now

We want to introduce them to Tech men.

They are made right—we make them in our own workrooms.
