CATHOLIC CLUB
First Meeting To Be Held Tonight.

The first assembly of the Catholic Club for this year is scheduled for tonight in rooms A and B of the Union. The supper will start at six o’clock. The after dinner speakers for the evening are Dean Burton, Bursar Ford, J. F. O’Neil of the M. E. Department, and R. J. Wiseman, ’12. A graduate student who has been singularly honored by the Institute. This is the first of the monthly meetings and the entertainment committee is at present planning a series of socials to be held in the Union Dining Room throughout the year. In speaking of the Club, President Woods said: “Our membership increased 25 percent in the last year and I feel that we are going to make this season. It is to be understood that all freshmen who intend to join should be present at the first meeting.”

SOPHOMORE DUES
The authorized collectors of 1918 class dues are as follows: W. T. Biggar, J. W. Clarkson, E. P. Collins, J. W. Damon, L. H. Flett, A. S. Johnson, H. V. Kaler, J. E. Longley, B. A. G. Merrick, C. H. Nangle, M. M. Reed, J. L. Richetta, C. G. Stockman, W. J. Scott, C. H. Tavener, B. A. Thresher, P. A. Wachburn, J. C. Wooten and K. Reid. Sophomores should pay their dues only to these men or to E. L. Pung at the Cage. As next Friday will be election day, dues should be paid by Wednesday, if possible, to avoid confusion at the polls. The dues receipt books will be turned in today to the treasurer, and those who have not paid up by that time will pay upon receiving their ballots.

A New Model Typewriter!

The Oliver Typewriter Co.

Yes, the crowning typewriter triumph is here
It is just out—and comes years before experts expected it

For makers have striven a life-time to attain this ideal machine. And Oliver has won again, as we scored when we gave the world its first visible writing.

There is truly no other typewriter on earth like this new Oliver "9." Think of touch so light that the tread of a kitten will run the keys!

CAUTION!
The new-day advances that come alone on this machine are all controlled by Oliver. Even our own previous models—famous in their day—never had the Optional Duplex Shift. It puts the whole control of 84 letters and characters in the little fingers of the right and left hands. And it lets you write them all with only 28 keys, the least to operate of any standard typewriter made.

Thus writers of all other machines can immediately run the Oliver Number "9" with more speed and greater ease.

WARNING!
This brilliant new Oliver comes at the old-time price. It costs no more than lesser makes—now out-of-date when compared with this discovery.

For while the Oliver’s splendid new features are costly—we have equalized the added expense to us by simplifying construction.

Resolve right now to see this great achievement before you spend a dollar for any typewriter. If you are using some other make you will want to see how much more this one does.

If you are using an Oliver it naturally follows that you want the finest model.

17 CENTS A DAY
Remember this brand-new Oliver "9" is the greatest value ever given in a typewriter. It has all our previous special inventions—automatic spacing, 6½ ounce touch—plus the Optional Duplex Shift, Selective Color Attachment and all those other new-day features.
Yet we have decided to sell it to everyone everywhere on our famous payment plan—17 cents a day! Now every user can easily afford to have the world’s crack visible writer, with the famous PRINTYPE, that writes like print, included FREE if desired.

TODAY—Write for Full Details and be among the first to know about this marvel of writing machines. See why typists, employers, and individuals everywhere are flocking to the Oliver. Just mail a postal at once. No obligation. It’s a pleasure for us to tell you about it.
