CHINA'S DEFENSE DISCUSSED HERE

Chinese Students Of Technology and Harvard formed last spring, when the Japanese situation was so critical, that they would have to do more than just talk about matters here in the United States. This week, in the beginning of the National Defense League of China. The old members who are back to college this year held a meeting yesterday in the Union to tell new Chinese students about the League and admit them as members.

The purpose of the League is to acquaint the people of China with what is going on in the way of national defense, and to impress upon them the necessity of properly defending their country. To accomplish this aim they are publishing a monthly paper in China, printed in Chinese, which will act as a medium to spread the knowledge of the sport resident in China, is M. C. Iou, 14. The members of the League form as representing editors under the direction of F. Chang, 15, an Editor-in-chief.
