SHOW COMPETITION

Freshman Candidates Wanted
In Publicity Dept.

Candidates for the position of freshman assistant in the Publicity Department of the Tech Show will meet Publicity Manager R. S. Stevens in the Tech Show Office Wednesday, November 27th. At that time the details of the work in this department will be explained and the first assignments given out.

In general the work consists, in part, in supervising the getting out of the annual Show Poster, in doing the newspaper and billboard advertising, and in writing articles for The Tech. Experience in theatrical work is not necessary, as the competitors will be judged by the manner in which they perform their work. Ability to write plain English is the main consideration.

WATCH YOUR STEP is musical comedy's one big bet. 122 Orchestra Seats left.

CULTURAL SOCIETY

Members To Hear Professor Blucher At Engineers' Club.

Fifty members of the Chemical Society have been invited to attend the meeting of the Engineers' Club of Boston on the evening of Friday, October 29th, Professor John E. Blucher, of Brown University, will give an address on, "The Fixation of Atmospheric Nitrogen", describing a new process of his own invention which is now operating on a commercial scale near Providence. Those members who are sure they can attend this meeting may sign up at the main bulletin board in Walker. The party will leave the Union 7:40 Friday evening.

The regular meeting of the Society has been postponed until the latter part of November.

WATCH YOUR STEP is stupendous—more stars than the Milky Way. 122 Orchestra Seats left.
