"Tux" is the happy smoke. It just packs the smoker's calendar so plumb full of fragrant delight that a gloomy day can't crowd itself in edgewise. That mild, soothing taste of "Tux" has introduced the smoker's calendar so plumb full of fragrant delight. That process is what makes "Tuxedo" the absolute delight of every man who has not handed in his portfolio. The Portfolios Dinner is not held as a money-making affair and the small fee of fifty cents charged for admission covers only the expense incurred. As the sale of tickets is limited to those who expect to attend the dinner, should secure them as soon as possible.

SENIOR PORTFOLIO

Last Formal Pictures To Be Taken Friday.

Next Friday afternoon the last formal pictures for the Portfolio Section of Technique, 1915, will be taken at the studio of L. P. Baehne. No tickets can be given diners after this time, except in the case of those who are not registered in the Institute card files, and who therefore did not receive personal letters.

The engraving for the section will be done shortly after the official list of numbers of the Class of 1916 is published in the bulletin. The Portfolio Editor consequently desires that all men who have not attended in normal negatives of themselves do so immediately.

Moore's NON-LEAKABLE FOUNTAIN PEN

Fountain Pens are not all alike. Moore Pens are distinctly different. Not just in theory but in actual use.
1. A Moore Non-Leakable will not leak. Can be carried in any pocket or purse without danger of damage to your papers, and rare, crook—nowhere.
2. A Moore is always made to write smoothly, evenly, strongly.

Ask your dealer to show you the various shapes, sizes and pen packets—write for every pen and every colored preference.
