TRIP BY MANAGER OF ALUMNI ASSOCIATIONS

Twenty-five Hundred Mile Trip—New Association In Louisville.

I. W. Litchfield, '89, will undertake, before Thanksgiving, a twenty-five hundred mile trip to visit six local Technology clubs. Although an officer of the parent club with headquarters in Boston, Mr. Litchfield is the Field Manager of the Alumni Associations and hence it is a part of his duty to round up various organizations and to assist, when possible, in starting the new.

Leaving Boston on Thursday the Manager will dine with the New York Tech Club at its quarters in Gramercy Park and will report in Pittsburgh to the local club in time for a smoker on Friday evening. From there he will go to spend Saturday and Sunday in Indianapolis.

W. B. Parker, '88, secretary of the Indiana Association, has issued a notice in cardinal and gray announcing the Field Manager’s itinerary. His companion guest in Indianapolis Mr. Litchfield will have H. M. Waite, '90, and the rally will be at the Seventy Hotel. After the luncheon the company will witness the Wabash-Pennsylvania football game and return for a Thanksgiving dinner at the University Club in the evening. As a part of the entertainment Mr. Litchfield will show a series of pictures of the new Technology buildings in their present completed form.

A large party of local and Ohio men will accompany Mr. Litchfield to Louisville, for on Monday a new Technology Club, the fiftieth of the associations, is to be formed in that city. The committee includes W. H. McAlpine, '36; L. S. Strong, '90, and T. S. Clark, '90.

Mr. Litchfield will then go north again and meet the M. L. T. men of Cincinnati at the Business Men’s Club and on Wednesday he will be entertained by the Technology Club of Philadelphia at the Bellevue-Stratford, returning to Boston on Thanksgiving morning.

Trips of this sort are a part of the policy of the alumni organization of the Institute. Within a year every Technology club east of the Mississippi has been visited by the Manager, while the more distant ones, both in this country and elsewhere, have welcomed members of the Faculty and Alumni whose business has taken them there.

THE YALE-HARVARD GAME.

At the Yale-Harvard game next Saturday there will be several hundred Technology men in the Harvard cheering section. The seats occupied by them are the seats that would ordinarily have gone to Harvard graduates. The privilege of attending the game has been extended to Institute students, as well as in the interests of fair play and sportsmanship, it is only fair that as in the interests of fair play and sportsmanship, it is only fair that Institute students, as well alone, and in return for the right exercised two trips to the Watertown Arsenal; one to take place Friday, November 19, and the other a week later.
