One of the athletic features at Dartmouth College is the annual winter carnival, which consists of athletic and other entertainments. This winter's events will be held on February 10, 11, and 12, and the athletic feature will be a hockey game on Alumni Oval on February 11, with preliminary heats of the intercollegiate ski and snowshoe competitions. The finals will be contested the next afternoon. C. G. Paulson of New Hampshire State College will give an afternoon. C. G. Paulson of New Hampshire State College will give an afternoon.

The Engineering Society of Brown University was recently addressed by F. E. Winsor of the Providence Board of Education. The society's growth and expansion of its membership have been noted with pride. The society's leaders, including主席, have been prominent as members of the technical committee, and would have graduated from Course III in June had he remained.

CHEMICAL SOCIETY

"Engineering Efficiency" To Be Subject Of Talk Friday

The Chemical Society will hold its next meeting on Friday, January 7. The subject of the meeting will be "Engineering Efficiency." Dr. Lewis Vincent of the Chemical Engineering Department at Brown will speak on "The Engineering Efficiency of the Department of Chemical Engineering, and has a great deal of experience with the employment of men. The Chemical Society had this date reserved long before Christmas, and the musical clubs set it for their concert without consulting the calendar committee. The meeting will start promptly at 7:30, so that men wishing to go to the concert will have time to hear one speaker.

TRACK NOTICE

The 390 yard trials which are being run off this week will count for the final heat of the 440 yard run in the Intercollegiate Track Meet this coming Saturday.

M. I. T. ORCHESTRA

The M. I. T. Orchestra will hold a rehearsal in the Union today at 4:00 o'clock. The management would like to meet any man who has had experience in plugging the violin, horn, or double bass, who may possess the instruments or not, at this rehearsal.

out. Broock, first substitute last year, and Avery, who competed last year in the spring and trend jump, are showing up well. Other candidates are Gannon, Ford and Fisher. The most promising freshmen are Bent, Whaley and Scranton. Bent and Scranton have both been doing good work. They are almost sure of positions on the freshman team, and also are making a strong bid for the empty varsity positions. McCarten, Herreg, Jackson and McClokey, who ordinarily run the distances, have switched to the relay. Other freshman candidates are: Strong, Schin- der, Jessley, Langlage and Steinhaasch.

came directly to the Institute. He has been prominent as a member of the fencing team, and would have graduated from Course III in June had he remained.

Tuxedo

The Perfect Tobacco For Pipe and Cigarette

Men who never smoked a pipe before are now smoking Tuxedo, because they have found that Tuxedo is the mildest tobacco made, and that it is the one tobacco that never irritates mouth, throat or nerves.

You simply cannot get another tobacco made by the "Tuxedo Process"—that's the origin of all processes for removing every trace of harshness and bite from the tobacco. It has been widely imitated, but never duplicated.

Try Tuxedo for a week, and you'll get acquainted with the sweetness, mildest, mellowest smoke in the world.
