HOCKEY TEAM LOSER IN CORNELL GAME
Team Strengthened By Addition Of Wanamaker, Plays Best Game Of Season.

Wednesday noon at the Arena Cornell defeated the Hockey Team in a close game the score being 2-1. Technology was strengthened by the decision of the Advisory Council which permitted Wanamaker to compete in Hockey, his playing greatly adding to the offensive attack of the team.

Cornell took the lead in the first half by virtue of two goals shot by Hunter and Capt. Babbitt. The first was the result of a pretty dribble down the ice by hunter, who followed this by evading the Technology defence and caging the disc. Capt. Babbitt added the second, point to his team's score a few minutes later by a shot from scrimmage.

Technology showed great improvement in the second half when they scored their only point on a shot by Clarke. Cornell was almost wholly on the defensive this period, but was only the wonderful exhibition of goal tending by Myers that prevented Technology from scoring. In this half the Technology played a very strong game, their decided brute showing the team has greatly improved in offensive play, and with Wanamaker playing his usual steady game of goal tending by Myers that prevented Technology from scoring. In the opinion of those present this was the most interesting talk that club members have yet heard.

At the business meeting which followed it was announced that an invariable good for the future, similar to that club which was recently held, would be conducted by the club in St. Cecilia's Hall on the first Wednesday after vacation.
