BIG TRIP SCHEDULED FOR MID-YEAR RECESS

Electrical Engineering Society Plans Trip To Many Plants

—Meeting Today.

One of the most extensive inspection trips ever taken by the Electrical Engineering Society is scheduled for the mid-year vacation. Among the plants to be visited are the Edison Waterhouse Stations, the Interborough Rapid Transit Company, and the Holoiphone Lamp Works, all in New York City; the Edison plant, in New Jersey; the Niagara Power Company, the Hydroelectric Power Company, the Ontario Power Company, and the Acheson Graphite Company, at Niagara Falls, and the Westinghouse Electric Companies, in Pittsburgh. An effort also is being made to go through the Carnegie Steel Works in Pittsburgh but definite word has not yet been received from this plant. The itinerary as first announced included the inspection of the Baldwin Locomotive Works in Philadelphia, but it will be impossible to carry out this part of the plan.

The entire cost of the trip, exclusive of hotel and board bills, will be about $23.00. Any men who have not yet signed up and who are contemplating going with the party should see W. C. Brown, E. B. Stason, or G. W. Wyman just as soon as possible. Every man who expects to make the trip should meet in the Lowell Library at 1:30 this noon when they will adjourn to another room to discuss the details of the tour.

MAJOR MORTON SPEAKS

quality of production. With this in view, Hampton, Tuskegee and all the other negro educational institutions are trying to give the students experience and in that way produce more efficient and highly-trained men. In conclusion, Major Morton attributed to his predecessor, He said that Booker T. Washington has done more than any other man to build up the negro race in America and that all the cost of the erection and maintenance of Tuskegee was more than paid for by the Life of such a man.

Before and after the address the famous Hampton Quartet sang plantation songs. Both speaker and singers were warmly applauded, the latter being encored repeatedly.

CHESS CLUB MEETING

The first Chess Club meeting of the second term will be held in the Union Saturday, Feb. 12, at 2.00 o'clock. It is intended on this occasion to play off games in the elimination tournament and to start a new match between members of the team. So far the first tournament has gone slowly, owing to the players meeting with each other not meeting, and to their engagement in other activities. Those who desire to be entered or wish to enter the tournament should attend the meeting.

CHESS COMMITTEE

The Chess Committee is scheduled to play Wells Memorial as the latter's room.

prominent hotels. They will be entertained over the week end at the house of the New York Technology Club.

Contrary to the plans of last year, the men will start Sunday evening, and go to New York by boat, traveling via the Falls River Line. Returning, they will come through on Saturday night in their private cars, arriving in Boston early Sunday morning.

FIELD DAY TEAMS

The following Field Day Team pictures may be taken this week for Technique: 1918 Football Team, Tuesday, at 4.00 o'clock; 1918 Track Team, on Saturday, at 10.00 o'clock. Both pictures will be made at Blackchase, 647 Boylston street.
