LONG BOXING RECORD
Couch Boutilier Has Won Many Amateur Honors.

The coach who is organizing the new Technology boxing team has a remarkable record as an amateur boxer. In December 1901 he first came into prominence, winning two bouts in the open class tournament at the B. A. A. in the 158 lb. class. In March 1902 he repeated this performance and later in the same year he won the tournament, and also the New England championship at that weight. In 1902 he won a special bout in New York and again captured the New England title. In the winter of 1902-1903 he entered the Boston Fire Department and did not box further in public until 1907, when he again won the chair under the name of John Griffith in the 158 lb. class, winning three bouts. The name was assumed on account of the objection of the Fire Department to the public appearance of its men under their own names. In 1908, still in the same class, he won the New York and Philadelphia tournaments in January and the Chicago tournament in the following month. During the season of 1909 he won two special bouts at the B. A. A. and gathered in the New York and New England championships. In 1910 he went on special bouts at the B. A. A. in the heavyweight class although he was light. He also won the National championship in the 158 lb. class that year. In 1911 he won the New York and National titles. He did not appear during the next year but in 1913 he came back in the heavyweight class and although light twenty and thirty pounds light was the runner up for the National Championship. In May 1914 he was appointed Supervisor of Motor Apparatus in the Boston Fire Department and since then he has done no boxing in public. He started to coach the boxing candidates at M. I. T. two years ago, and during five minutes of beautiful recreation before meals and between classes.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

"Tux" is made of the finest selected Burley—full of gimp and go and get-there liveliness.

But it's a smooth, mellow, fragrant smoke—the "Tuxedo Process," which is often imitated but never equalled, takes away all the bite and parch and leaves it mild, sweet and cool.

Try one tin of "Tux"—you'll find it will comfort, refresh and satisfy you as no other tobacco can.
