ENGINEER CORPS TO BE FORMED AT TECH

Proposed Formation Endorsed by Government and State—Meeting Friday

A meeting in the interest of forming an army engineer corps at Technological Institute will be held Friday, January 15th, at 4:15 o'clock, in 22 Walker. The meeting will be called to order by Col. W. E. Crain, U. S. A., engineer in charge of the Boston district; Major E. T. Cole, U. S. A., and Professor of Military Science at the Institute; and Pres. W. E. H. Hall, of the Civil Engineering Department. The proposition is not limited, however, to the civil engineers, but professors, students, assistants and instructors of all courses will be invited to have a voice of their choice in determining the forms by which their services to the country may be secured. The War Department and the commanding General of the Military District of Massachusetts are heartily in favor of the plan, and the slight financial equipment which may be necessary may be supplied from the funds of the school. The adoption of a uniform and the question of affiliation with the larger army corps of engineers is a subject on which many of the present students and graduates have expressed themselves.

CAST REHEARSAL

Last Opportunity To Sign Up For Show Today

This afternoon at 5:00 o'clock the second rehearsal for the show being tried out for the Union Hall stage play will be held in the Union Hall. The players for the show are: Miss Oliver in the Union Hall is the leading lady of the play, which is called "The Ministry of Love," and is written by Miss N. C. Wood. The cast will be composed of all members of the school, and the play will be produced by the visiting Dramatics Society.

CASTING WANDERERS

All members of Greek leters fraternity attending the Institute as well as all members of the fraternity attending the Institute, who have not yet been placed, will be called to order by having their names and addresses written on a list kept by the Dramatics Society. The list will be compiled with as soon as possible.

CHEMICAL SOCIETY

The chemical society is composed of the following officers: Rev. A. A. Smith, President; W. H. Hall, Secretary; and B. E. H. Hall, Treasurer.

STUDIO PICTURES

Group pictures of the Institute community will be taken next Friday, February 16th, at 1:30 o'clock, respectively.

M. E. SOCIETY'S TRIP TO STURTEVANT PLANT

Party Leaves Back Bay Station For Hyde Park This Noon To Visit Plant

The Mechanic Engineering Society of the Institute will go to Hyde Park this afternoon to visit the plant of B. F. Sturtevant Company, which is one of the largest manufacturers of equipment for power plants in the country. During their visit at the famous B. F. Sturtevant plant, the members of the society will be furnished with a complete and thorough knowledge of the equipment. The inspection will include the machine shop, assembling rooms, painting shop, drafting room, foundry and testing department. The trip leaves Back Bay Station at 1:30 o'clock.

ART COMPETITION

Technique '18 Extends Time On Art Work For Fund

On the fact that only one week has elapsed since the Technique '18 competition began, the time has been extended until Friday, February 15th. All further material is due at that time. The following are the requirements of the competition, to be complied with by the candidates:

A statement of whatever original artistic experience he has had and suggestions of his plans for running the Art Department of the school. He must illustrate his suggestions by sketches.

Two full-page drawings to be done in black and white. Pen, pencil, or charcoal for the "Macbeth" selection and for the "The Ministry of Love." This drawing is to be done to the proportion of 9 by 12 inches by 15 by 17 inches and must not exceed these dimensions.

Two or more drawings, not larger than 2 by 2 inches, for a page of "Wandering Greeks." These drawings must be done in pen and ink.

All drawings submitted in the competition should be of a finished character and must be mounted on cards in order that they may be incorporated in the book if sufficient. Candidates who desire further information may apply to E. F. Szein, C. C. Lence or D. D. Stadlen.

SHOW MUSIC

Men who are present are working on, or have completed, show music which has not yet been played. Mr. Hayden, should see E. W. Hulme, in the Shaw Office of 8:50 o'clock this afternoon and arrange to have their compositions critiqued.

FRESHMAN MEETING

There will be a meeting of the freshman class at 6:30 o'clock Thursday, February 21st. Important matters are to be discussed regarding the football team and the freshman house, which takes place early in the spring, to be discussed.

E. E. SOCIETY TRIP

The Electrical Engineering Society is to make a trip to the legendary "Blackstone Electronics" which will be held next Friday, February 16th, at 1:30 o'clock, respectively.

TECHNOLOGY MONTHLY ON SALE TOMORROW

March Issue Contains: Article By C. H. Albion On "Industrial Uses Of Lime

Many of the Institute's monthly will be on sale tomorrow, in which an article on the subject of "Industrial Uses Of Lime" will be featured. The article is written by C. H. Albion, who is the author of "The Chemical Engineer's Handbook." The article is made up of a series of five sections: "Industrial Uses Of Lime," "Industrial Uses Of Magnesia," "Industrial Uses Of Manganese," "Industrial Uses Of Chrome," and "Industrial Uses Of Cobalt." Each section is devoted to the use of a particular lime in industry.

LAST SIGN UPS FOR SHOW TO-DAY

Sign-up for the show, "Wandering Greeks," is to be held today at 5:00 o'clock in the Union Hall. The show will be produced by the Dramatics Society and will be presented in the coming issue.

CLASS DAY COMMITTEE

There will be a Class Day Committee meeting today at 8:30 o'clock in the Union, and a member of the Class Day Committee will speak on organization.

SPRINGFIELD GAME

Ice Hockey Team Will Play Y. M. C. A. College Saturday

The ice hockey team will play the Y. M. C. A. College Saturday afternoon, and the game will take place at Springfield. The score was 5 to 2, and the game was won by the Institute team. The game was played in the Union Hall, and the Institute team won by a score of 5 to 2. The Institute team is composed of the best of preparatory school teams, and the game was a hard-fought one. The Institute team will meet the Y. M. C. A. College team again on Saturday, and the game will be played in the Union Hall.

Because of its recent victory over Boston University, the Institute team is likely to have an easy game on Saturday.
