TECHNOLOGY’S GREAT FESTA
Advance Information From The Inside—The Tech Appointed Official News Organ Of Committee
On Arrangements

"It will be the largest and most magnificent thing of its kind ever attempted in this country," said Mr. Lochhead, President of the Hartford gas and electric company, regarding the great pageant and dedication exercises to be held in June.

Unknown to most of the students, plans for this gigantic spectacle have been in progress ten months, and at the present time, with the event only a short three months off, it is just beginning to come up in its true proportions, greater even than the original idea was dreamed to realize.

Beginning June 11th with the starting of the great Technology steamship, The Stute, all the afternoon of May 31st, New York City, the reunion ceremonies will be officially in progress. This steamship, chartered for the occasion, will carry the Technology reunion away from its mobilization of last year to New York to Boston; and the latter will be taken by storm, and for the next three days the captors will hold the key. So attractive a schedule of entertainment has been arranged for the voyage that any number of the loyal reunions from all parts of the country and vicinity will learn the dangers of the N. Y. N. & H.

In order to join their forces in New York and make the trip with them.

Monday morning, the 12th of June, the student body and the alumni will join the Rogers Brothers and bid farewell to the Old Technology. The remainder of this day will be given over to class dinners, teas, and receptions. Monday evening at the Town Club the alumni will gather for the Golden Jubilee smoker, for this

TRIANGULAR GYM MEET
Harvard, Dartmouth, and Technology To Meet At Harvard

A Triangular Gym Meet between Harvard, Dartmouth and Technology will be held next Friday evening at Harvard Gymnasium, Harvard, at 8 p.m. The admission to this game will be twenty-five cents. Tickets may be obtained at the Cage, Machlachlan's, Ford Hall, Pierce, and from members of the Gym Team.

A professional coach has been engaged for the Gym Team. Since this is the first meet for both Harvard and Dartmouth, it is difficult to get a true estimation of their respective strengths, but from all that may be gathered, the two teams are up to the standard.

The men will be chosen to represent Technology in every event, and those chosen will be comfortable.
