CREW TO TAKE PART IN REUNION PROGRAM

Special Arrangements To Be Made For Races During Reunion Week

This year's crew work officially starts this week, beginning with a meeting of the varsity crew club at 4:20 o'clock today in Room A of the Union, followed by a practice starting at 4:30 o'clock at the A. A. A. Boat House. After the meeting, the plans for the coming season will be outlined and the requirements of the boat will be explained to new men. Candidates for the crew are all invited to join the boat club, which will be open to them all the privileges of the B. A. A. A. Boat House.

It is probable that there will be special races during Reunion week, but it is not possible to arrange any definite course at this time. The committee has been formed especially to see that the management is arranging the proper course for the races. Mr. Arthur W. Stevens, who coached the Technology crew last year, has received another offer to take charge of the Institute crew, and the present schedule is for the present year. There are 18 of last year's rowers back, and there are many new comers. The committee feels that the year will be a prosperous one.

COSMOPOLITAN CLUB
Illustrated Travelogue By Professor G. H. Love

This evening at 4:00 o'clock, in the Union, Professor G. H. Love of the Civil Engineering department will present an illustrated travelogue before the Cosmopolitan Club. Professor Love has chosen for his topic from Labrador to the Equator, and is to give an account of several scientific expeditions of which he was a member. Among these were the M. I. T. solar eclipse expedition to Sumatra in 1907, and the Carnegie institute expedition to the Andes in 1911. These lectures were made in the magnetic lines during the eclipse, and will be illustrated by numerous lantern slides. Professor Love has invited all who desire to attend.

LATIN AMERICANS

Last Saturday, a second meeting of the Latin Americans was held to complete arrangements for the program to be given by members of the Cosmopolitan Club. The main features of the program will be a concert by Mr. David Reves, of New York, at 4:30 o'clock in the Union. The music will be heard in the magnetic lines during the eclipse, and the program will be illustrated by numerous lantern slides. The committee has invited all who desire to attend.

T. C. A. ELECTIONS

The annual election of officers of the Technology Club Association will occur on Thursday, March 16, at 3:15 o'clock in the Union, and the elections will be conducted by the candidates for the president and treasurer, and by the members. The committee has invited all who desire to attend.

C. E. SOCIETY

The next meeting of the C. E. Society will be held on Thursday, March 29, instead of Friday, March 27. The meeting will be held in the Union, and the discussion will center around the following topic: "The possibilities of solar power on the moon."

FRESHMAN BASEBALL

The Freshman baseball team will meet today at 1:30 o'clock in the Garrison Street gym.
