TECHNOL0GY'S GREATEST SMOKER — FRIDAY EVENING
THE NIGHT OF BIG EVENTS

March 24th is only four days off. On that date we present to you the Union the greatest all-Technology banquet we have ever attempted. No effort has been spared to make this smoker attractive to the student body, for we are trying to influence every man of the Institute to be present at this banquet for a big purpose.
The aim of the banquet has been worked upon diligently in their plans for the great banquet. The candidates are working on the undergraduates as a body to show them what the Institute means to the social and glory of the most wonderful college pageant and tradition which has been built up in this country. The alumni appeal to the students and ask them to attend Friday night and to catch from them some of the spirit which has made this possible.

The speaker who will address the students at the banquet will be Professor Ralph Adams Cram, who is in charge of the pageant, will explain in detail the magnitude of the project and the importance of the banquet. It is hoped by the committee that every man in the Technology regiment will be present at the banquet on Friday night to demonstrate to the alumni that the Institute's great glorious achievements are due to the students of today as to those of former years.

EXHIBITION MEET

Gym Team To Meet Tufts Tuesday at Medford

The Gym Team will meet the Tufts Team Tuesday night at Medford. The team has made good progress since the Triangle Meet. Captains Clarkson and Harward. The Brown Meet was evidence of this. G. A. Inglis '18 is improving at tumbling and bids fair to become a consistent point winner. J. M. White '17 is expected of Captain Bliss '16 on the rings and horizontal bar. The full team will take part in the meet.

TECHNIQUE

The competition for Assistant Art Editor of Technique is in progress this year. The competition is open to second year men only. The competition will be required to submit as many drawings as possible. The competition will be judged by five members of the faculty. The winners will receive prizes valued at Maclachlan's at the price of twenty-five cents.

SPECIALTY DINNER

Course XV Men May Not Dine At Engineers' Club

The plans of the "Specialty Dinner" for the Course XV Juniors may have to be changed very soon. The management of the Engineers' Club are having second thoughts as to the use of a piano, so that it may be spared in some insight as to the plans of transference. The new spots will have to be at the Institute to be there. It will be saved in some insight as to the plans of transference. The new spots will be at the Institute to be there.
