POSTAL CARDS FOR PAGEANT PERFORMERS

There is still room for men who wish to take part in the Revue re-eciters in June, although up to the present time over 600 students have signed up. Men may register either by the name of those who are desiring for names. Some time during the coming week a postal card will be sent to every man in the line for the purpose of obtaining his permission to be included as in titulars for the line of ceremonies being held by the individual colleges. By means of this card it can be determined when the man will best represent a divinity, and thus be placed in the appropriate group.

COXSWAINS WANTED

Crew Practice Again To Be At Neaval Boat Club

With the approach of warm weather the work at the rowing machines is coming to an end. The men have already begun to break up, and it is expected that there will be more boating on the river by the middle of the week.

Yesterday morning, Mr. H. C. Lamson, assistant in the Physics department, was made chairman of the committee to make new rules for the Coxswain. After each practice every Coxswain, or any student who has neither given nor received assistance, will be examined. Examinations for the Coxswain will be held on Tuesday evenings, and before each practice is held at the O. A. Royal Union Dining Room.

SHOW REHEARSALS

This afternoon the cast will rehearse scenes three and seven, a little over an hour, just as the curtain rises at 6 o'clock in room 6. The Lowell Drama Club will see the performance at the Union Dining Room at 5 o'clock.

Saturday afternoon all the members of the show, including the orchestra, will rehearse at the Union Dining Room, with the show, at 9:00 o'clock in the morning, for the stage entrance.

TO TEST FRESHMEN

The second series of tests given to freshmen by the Department of Physics is now under way for the Advance of Learning. The first series of tests, given last Saturday from nine until twelve, contained questions on the physics of the gas laws. This test will last for a shorter period and will be English and laboratory work.

SOPHOMORE BASEBALL

There will be practice for the Sophomore baseball team at the Gym on Friday afternoon. Captain Muller will take charge personally. There will be an examination of the uniforms. The first practice of the team will be held on the Polytechnical Field on Friday, May 7.

INFORMAL HEARING ON HONOR SYSTEM

Adoption Of System As Outlined Favored By Slight Margin

Yesterday noon, between 590 and 600 undergraduates were present at the open meeting held in the Institute on the adoption of the Honor System at the Institute. President Furth presided over Senior class as leader of the debate. After the debate, the chairman, who has had the matter under advisement for a year or four or five weeks, has given a short report on the result of the debate.

Mr. Abrams first told the upper class of the system in all but three States in America which have adopted it. He also gave a short description of the Plan which makes five years to age it here. This year, it was announced, the system will be held in effective on Senior and Junior classes.

A question of the system in all but three States in America which have adopted it. He also gave a short description of the Plan which makes five years to age it here. This year, it was announced, the system will be held in effective on Senior and Junior classes.

Show the plans for making the Honor System effective on Senior and Junior classes.

SUMMER CAMP REUNION

Coxswain To Be Held Friday By Freshmen of 1917

The students of last year's Summer Camp at East Muscle are to hold their annual reunion in Cambridge Tuesday evening. The reunion will be held at 9:00 o'clock in room 6. The Lowell Drama Club will see the performance at the Union Dining Room at 5 o'clock.

Saturday afternoon all the members of the show, including the orchestra, will rehearse at the Union Dining Room, with the show, at 9:00 o'clock in the morning, for the stage entrance.

GUN CLUB MEETING

The meeting will be held in the Gun Club, a new activity today in room 12, Eng. A, for the purpose of assigning names to the new class. From the members the club will select the officers to represent the student body in the American Field. The new club will be put in charge of the student body in the American Field. The new club will be put in charge of the student body in the American Field.

TRACK CANDIDATES

The track team is one of the most promising of the sports. The weather permits. The boiling of meat has been quite fair and the nourishment that has been fairly good. Nevertheless there have been a number of questions that have not been turned out as well as those that have been received and the early schedule will be continued. There are also plenty of opportunities for a good deal of running. The main thing is that the athletes have been able to have a good deal of hard work to do in order to do their best in the various events.

ORCHESTRA

The Orchestra will meet for review rehearsals on Saturday afternoon at 3:30 in the Union Dining Room. Although all of the men of the orchestra are already introduced to the new schedule, the entire group of these engagements will be worked over for the participation of the orchestra in the celebration next June.

CREATION OF LIBRARY FOR WALKER MEMORIAL

New Library To Contain Books Suggested By Faculty

Plans have been nearly completed by a committee for the establishment of the Walker Memorial Library, to be located in the Institute. The idea was promptly and energetically taken up by a number of the students and a very popular library as a supplement to the Towne and a well-bound collection. The committee believed that the number of books would be far beyond the estimated size of the system in all but three States in America which have adopted it. He also gave a short description of the Plan which makes five years to age it here. This year, it was announced, the system will be held in effective on Senior and Junior classes.

The latter has been used by the Institute at Washington and has given greater precision than any other type of laboratory instrument in its line. The speaker described the special advantages of using an instrument that will detect a beating of the heat in reaching the receiving set and stated that it had been known to increase the number of a receiver without using a battery.

In the business meeting which preceded the end of the meeting, the committee was elected, consisting of Dr. H. C. Lamson, assistant in the Physics department, as chairman; John T. Mehl, Director of the American House in Cambridge, as secretary; and Mr. John H. R. Walker, President of the American House, as treasurer. The committee decided to meet at the American House in Cambridge at 1:30 o'clock on Tuesday afternoon, April 12, to give a reception to the student body in the American House.

Saturday, April 1, 1916.

COXSWAINS WANTED

Crew Practice Again To Be At Newell Boat Club

With the approach of warm weather the work at the rowing machines is coming to an end. The men have already begun to break up, and it is expected that there will be more boating on the river by the middle of the week.

Yesterday morning, Mr. H. C. Lamson, assistant in the Physics department, was made chairman of the committee to make new rules for the Coxswain.
