except the police life saving craft, are available for public use on either side of the Charles east of the Harvard Boat House.

Fortunately the Tech's official photographer obtained the above picture of the decorated Bucentaur before the 1920 banner disappeared forever from the greatest position it is ever destined to occupy.

An enterprising reporter located the flag last night, and learned that its final disposal has not yet been decided upon: but the Sophomores expect to carry it in triumphal procession November 3. At present 1920's red bunting and white shoe-paste banner hangs in disgrace, with its face to the wall of a Sophomore's room.

CROSS-COUNTRY.

With the wind too high to lay a trail and in the absence of a posted course, a practice squad run was held at Newton by the cross-country men last Saturday afternoon in place of the hare and hound run as scheduled. Although the first Saturday of the regular training season, a squad of twenty-four men was present, which is a good showing at this early date. Assembling at the Newton Y. M. C. A., a start was made at 3.15 o'clock with Dean H. Parker, '17, leading. The faster men alternately took the van, regulating the pace so that the slower men could keep in sight of the leaders, until the last half mile when the speed was increased. The first to finish was Hanley, '18, followed by Parker, '17, Captain Dodge, '17, Hamilton, '17, and Herzog, '19. The distance, which is a little over five miles, was traversed in the slow time of thirty-nine minutes.

These runs will be held weekly until the annual run at Wakefield, but the course for next week has not been definitely arranged for as yet.

RELAY TEAMS.

Prospects for the freshman relay team are exceptionally good this year, according to Coach Kanaly. There is a larger number of men out than ever before, and several are showing up quite well. These are Anable, Brown, W. H., Bunker, Dorr and Larsen.

There is also a large number of freshmen candidates for cross-country. The first run was held Saturday when they went to the Newton Y. M. C. A. The Sophomores are a little slow about coming out for the Sophomore relay team, Avery and Richards being the only men who have reported for work. It is expected, however, that quite a few more will report this week.

CHESS CLUB.

About twenty were present at the first meeting of the Chess Club last Saturday afternoon, when the details of the year's program were explained. The meeting concluded with a round of simultaneous play by C. M. Dean against nine members of the club, the resulting score being six won to three lost by the single player.

Play in the Novice Cup Tournament starts tomorrow for the first section of eight players so far entered. Entries for this tournament will be accepted up to Saturday, Oct. 7, at the time of the next club meeting: those desiring to play should see A. N. Pray, secretary of the club, in Room 1-075 before that time, or at the meeting. Games in the Adepts' Tournament will be played by arrangement beginning this week. In both contests each player will play every other one in the same section, the individual matches being of one game in the Novices' and of two games in the Adepts' tournament.

BUS DISCONTINUES.

The Technology Bus Line has come to an end. The last trip was made Saturday noon from the Institute to Boston, and hereafter common street cars will be the only means of transportation from the buildings to the city. All tickets now in the hands of students may be redeemed by making application to H. C. Stephens, '18.

1920 TUG-O-WAR.

Saturday afternoon, the candidates for the freshmen tug-o-war team met in the locker building at the field, and the large response to this first call showed a large amount of good available material. The temporary manager urged plenty of keen competition for places as the best way to produce a winning team. Furthermore he dispelled the prevalent idea that only weight is necessary by remarking that men of but 135 pounds have been on previous teams to the exclusion of heavier men, as the combination of weight and strength is the essential. Practise for the candidates will be held regularly every afternoon from 4 to 6 commencing today. Men are advised to wear old high shoes, old trousers, and sweaters or jerseys.

1919 tug-o-war men are to report at the field every afternoon at 5.00.

SHOW SCENARIOS.

This and Tuesday afternoons the Show Office in the basement of that part of Building 1 running parallel to the Esplanade, Room 1-075, will be open from 4.00 to 6.00 o'clock to receive books and scenarios for this year's Tech Show. The type of the play is to be the ordinary musical comedy; and authors of those books which were not accepted last year because they were not of the type of dramatics desired, are advised that they will be considered for the coming production if handed in again. Neither complete books nor lyrics are required at this time, but some suggestions of the plot of the play and the songs are necessary. The author of the book will not have to write either the music or the songs, as these are written in competition later in the season, but it will be necessary for him to write the complete words of the play if his work is accepted.

FINANCE COMMITTEE.

The first meeting of the Finance Committee will be held in Room 4-108 at 5.00 o'clock Wednesday afternoon. As this will be the first meeting of the season, all members, especially the new men, must attend. At this meeting the plans of the committee for the coming year will be discussed, and other important matters taken up.

FROGS IS FROGS.

In the well of the Hydraulic Laboratory has been discovered a family of frogs to the number of twenty or thirty. It has been rumored that they have come to live there at the hands of "Stew" Colton, manager of the Technology Dining Room, who hopes shortly to include in his menu that rare delicacy in this part of the country, "Frogs Legs a la Charles."

TECHNIQUE 1918

R. B. Wills, H. J. Coyne, J. M. Todd, J. E. Longley, W. R. Holt, T. P. Kelley, J. E. Rowe, and all other candidates for assistant business manager Technique 1918 are asked to report to P. M. Dinkins at office room 1-075 between 5.00 and 6.00 P. M. this afternoon.

The Great American Smoke

Fall in line with hundreds of thousands of red-blooded smokers of the good old U. S. A. Smoke the cigarette tobacco that's been an American institution for three generations—"Bull" Durham. The rich, relishy, star-spangled taste of "Bull" Durham puts the national spirit of get-up-and-hus'e into your hand-rolled cigarette. "Bull" Durham is the freshest, snappiest, liveliest of smokes.

GENUINE

"BULL" DURHAM

SMOKING TOBACCO

"Roll your own" with "Bull" Durham and you'll find a far greater satisfaction in smoking your cigarette than you ever did before.

Made of the richest, mildest leaf grown, "Bull" Durham has a delightful mellow-sweet flavor found in no other tobacco.

Men who never smoked cigarettes before are now "rolling their own" with "Bull" Durham.

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a package of cigarette papers, will both be mailed, free, to any address in U. S. on request. Address "Bull" Durham, Durham, N. C.
