the daytime. Do you think he intended to be rude, and don't you think they will have a bad influence on me if I stay with them?

Now they tell us it will be several weeks before we can take off the Morgueage, and Im growing weaker every day. Can you do something for me?

Yours' with warm sympathy, and cold feet,

**WORK AT THE FIELD.**

Under the direction of Mr. Kanaly the preparations for Field Day are progressing rapidly. Up to the present writing about 127 men have reported for the different teams, while 43 candidates are out for the freshman relay team. This is the largest number that has come out in years for that team. On the other hand only 17 men have turned out for the Sophomore team.

In regard to the varsity teams, 21 and 26 men respectively have reported for cross-country and track, 9 men having showed up for the freshman cross-country team.

Next Monday there will be a cut in the freshman relay, and flag passing practice will then begin.

**\$1,000**

Must be raised by Technology Undergraduates before the 15th of October. The success of athletics depends absolutely upon your contribution. In past years Technology has been represented in college athletics, meeting the strongest teams in track, hockey, wrestling and swimming. This representation was only made possible by the raising of finances through the efforts of undergraduates, and hearty cooperation of alumni.

**THE ENTIRE BURDEN OF FINANCING TECHNOLOGY ATHLETICS NOW FALLS UPON THE STUDENTS**

**\$1,000**

Is estimated as the smallest amount necessary by contribution. The failure of the Blanket Tax last year shows the seriousness of our problem. Are we to be represented on the track field, in the hockey rink, on the wrestling mat, or in the swimming tank?

**EACH UNDERGRADUATE MUST DECIDE THAT QUESTION**

Technology is one of the few colleges which has not self-supporting athletics, or a compulsory athletic tax. How can we finance our teams?

**BY YOUR CONTRIBUTION**

Secure an athletic button at once. It tells the story and you have done your part.
