**DECEASE PROCLAIMED**

About this time every year the technicians begin to yearn for their annual beating, and as the time for the slaughter has almost arrived and The Tack takes pleasure in announcing that it is prepared to administer to the aforesaid members of the Junior Hash their annual bath.

Therefore harken ye all to the challenge of this glorious sheet—We, the members of The Tack, do hereby as hereinafter mentioned willfully and with malice of aforethought challenge the would-be journalistic inhabitants of the coop next to ours to mortal combat on the football field; the contest, or rather the annihilation (of the technicians), to take place at some time in the near future which will be agreeable to both the above-mentioned honorable and dishonorable parties respectively.

The Tack has issued a call for candidates to participate in the slaughter and the technicians have asked for volunteers to be beaten for their cause. It is rumored that scouts are looking over, or rather overlooking the Technique team, but it is certain that the majority of the members of the Tack team will make the All-America team. The Tack has made arrangements to accommodate the enormous crowd which will be present to witness the elimination of the technicians, and guarantees to have all the essentials for the proper disposal of the dead-wood, including the precious embalming fluid. Crapes will be provided for all the technique victims and floral offerings will be gratefully received at the technique office. We also generously offer to take on the "Mirthful Monthly" (in case they are going to publish this year) at the same time in case the technique cannot make up a team with the poor material they have on hand.

While looking for burial notices in the Harvard Lampoon yesterday we came across something which actually made us laugh. Here it is:

**A DESPERATE CRIMINAL**  
Heiny—See that woman across the street?  
Omar—Yes; what of her?  
Heiny—She's a female train robber.  
Omar—Is that so?  
—Lampoon quoted from the Indianapolis Star

We haven't got much space, but from year to year as we find some-thing humorous in Lamp we will publish it in full. However, in most cases we have access to the original.

We read that the T. C. A. Discussion Groups are now going to give us some real dope on Prayer, the Bible and the Lord.

**PRINCETON HERE NEXT MONTH**  
New Jersey Cross-Country Squad Meets Technology at Franklin Field

On Saturday morning, November 11, at 11.00 o'clock, the Princeton cross-country team will meet Technology at Franklin Field; the first time the two institutions have met in cross-country competition. The Princeton squad did fairly well last year in the intercollegiate cross-country meet and according to Don Morrison, the Princeton coach, the Orange and Black will be represented by a better balanced team during the coming season. In spite of the defeat administered by Harvard last Saturday a very close contest is expected. The men will have a preliminary workout at Franklin Field this coming Saturday, largely to acquaint the men with the new course. Major F. F. Briggs, Technology, '81, will act as referee. Those wishing to act as scorers are to hand in their names at the Field Track Office. The scorers must be at Franklin Field at 10.00 o'clock on the morning of the meet.

Due to a printer's error the date for the run was announced in the last issue of The Tech as November 4. The correct date is November 11.

**CATHOLIC CLUB**

The second regular meeting of the Catholic Club will be held in the Caf on next Thursday evening. Supper will be ready at 6 o'clock. Speakers will be announced in the Wednesday issue of The Tech.

**CHEMICAL SOCIETY MEETING**

Superintendent of Sugar Refining Plant to Speak  
In last Wednesday's issue of The Tech, it was stated that the trips of the Chemical Society were open to every student. President Holton wishes to contradict this statement and to say that the trips are open only to members.

The next meeting will be held in Room 2-190 on Wednesday, November 1. At this meeting the treasurer of the society will be present to collect dues from members and to give membership cards to those eligible. Membership cards will be necessary on the trips. Mr. Rufus C. Folsom, assistant superintendent of the South Boston plant of the American Sugar Refining Company, will address the society on the subject of "Sugar and Sugar Refining." The next trip of the Chemicals will be to the American Sugar Refining Company's plant and the talk at the next meeting will be partly an explanation of what will be seen on this trip.

**FIELD DAY TICKETS**

Field Day tickets will be on sale today in the lobby of Building 10 from 1.00 to 2.00 o'clock. The grandstand will be devoted entirely to reserved seats, the price of which are 75 cents. General admission is 50 cents. This sale will continue throughout the week.

**1919 FOOTBALL**

The final preparation for Field Day is at hand and with only four days of practice remaining the coaches of the Sophomore football squad expect every man who has been out at all this year to report this week. During the past two weeks several of the men who have had 5.00 o'clock classes have not been reporting to practice, as they evidently consider it too late. The coaches take the opportunity of reminding these men that practice is from 4.00 to 6.00 o'clock, and that they are expected after their 5.00 o'clock class.
