 1915-'18 vs. '19: won by '18, 9 to 0.

The Mechanical Engineering Society will hold a smoker in the Technology Cafeteria next Friday evening. The completed details for the trip to New London, which is to take place the following day, November 11, will be announced at the smoker. The committee in charge of the trip wishes all men who contemplate going to hand in their names to some officer of the society so that they may be sent to the American Society of Mechanical Engineers, which wishes to know the approximate number of men who are planning to go.

**NEW DORMITORY READY FOR OCCUPANCY**

At last the long-looked-for freedom of the Morgue has come. With the first of the month came a notice from the Dormitory Committee stating that on Monday, November 6, the new Dormitory would be ready for occupancy after 2.00 P. M.

All baggage of both the men who have been quartered in the temporary dormitory or elsewhere should be arranged for delivery some time during the morning of November 6. The two fraternities, Delta Tau Delta and Delta Kappa Epsilon, who have arranged to occupy the two end sections, are expected to move in during the early part of the week.

The Dormitory Committee expects each section to hold its elections for Section Committee and House Representative as soon as possible, preferably Monday evening, November 6.

**"SYBIL"**

Frohman, Rich & Harris present Technology this evening with Julia Sanderson, Donald Brian and Joseph Cawthorn together in "Sybil."

They found "Sybil" in Vienna and had Harry Graham and Harry H. Smith make an English version of the book. The original music by Victor Jacobi, who wrote "The Marriage Market," they retained intact, for it was a lot better than musical comedies are usually equipped with. They put these three stars in it—there was just the right sort of part for each of them—and they produced it at the Liberty Theatre, New York. That was just after the holidays. It "caught on" at once and for months the house was sold out for weeks in advance. At last Miss Sanderson and the others demanded a vacation and the management was forced to give it to them. Tonight they present it as "Tech Night" and feel confident that it will "pass judgement."

**FRESHMAN CROSS-COUNTRY AT ANDOVER**

After the race at Franklin Field tomorrow afternoon the freshman cross-country team will be picked. The team has received a challenge from Andover Academy to race at Andover. The date has not been arranged, but it will probably be some Saturday in the near future. All freshmen who wish to try for this team must be on hand for the run at Franklin Field tomorrow.

**EXETER CLUB MEETING.**

About twenty men were present at a meeting of the Exeter Club which was held last Monday. It was decided advisable to reorganize the club, but as so few men were at the meeting on account of the nearness to Field Day, another meeting was called for November 7, at 5.00 o'clock in Room 4-108 for the purpose of discussing the steps to be taken.

**INTER-FRATERNITY RELAY**

The Delta Kappa Epsilon Fraternity will have a relay team at Tech Field on the afternoon of Nov. 10 to meet all comers. Any fraternity that cares to accept this open challenge may present a team at that time. Any further information may be obtained from the Dekes.

**TECHNIQUE NOTICE**

On Thursday, Nov. 9, a cut will be made in the number of candidates for assistant business manager of Technique. The number of men will be cut from eight to three or four. This cut will be announced in The Tech of Friday, Nov. 10.

**TESTING MATERIALS LABORATORY**

The first exercise in Testing Materials Laboratory for Courses III, X, Q-A and XV, Option I, will be held at 10 o'clock on Saturday, Nov. 11, in Room 3-270.

WALTER HUMPHREYS,  
Registrar.
