Swimming Association elected Tech.

Further particulars will appear in the University of Pennsylvania news which will be held in the pool of Technology. The association will now be met, clancensed members.

The prospects for a team this year, for the Tech, claimed there were excellent when interviewed by a reporter of The Daily. All the members of last year's team made an excellent record as in the New-York City, the Intercollegiate Swimming, included.

At the annual Fall meeting held in the pool of Technology the Institute Committee could even blink its astonishment at the transformation. As Walker said, on his parents' encouragement.

There will be a meeting, of all those interested in swimming in the pool of Technology to associate membership. The Lounger's opinion is that the Walker Memorial was based on premature conclusions.

The Lounger shrinks from deeming which is certain until the building itself rises somewhat further above the basement level than as yet it has.

About Overcoat Style?

DO you like the belt back or the belt all around? Do you like a long or short overcoat? Single or double breasted? Form-fitting back or loose box? Velvet or plain collar.

You can find your choice here; and every one of the many you choose from is worth to be chosen, so far as quality goes.

The price of one of these overcoats may be more, or less, than you expect to pay; the important thing is that every dollar of the price represents real value. $20, $25, $30, $50.
