Bric-a-Brac, Furniture, Rugs, etc.

Will call at your room day or evening  
at your pleasure.

1236 MASS. AVE. CAMBRIDGE  
Telephones—302, 2936

If one is busy call the other.

### BANKING AND SAFE DEPOSIT

The nearest Cambridge bank to the  
Institute is the Central Trust Company.  
Its main office is at No. 599 Massachu-  
setts Avenue, exactly at the easterly  
entrances and exits of the Central  
Square Station of the Cambridge sub-  
way.

The Central Trust Company is not  
only the oldest bank in Cambridge—the  
business having been established in  
1826—but it also is the largest subur-  
ban trust company in Massachusetts.  
This institution has built up its busi-  
ness and increased its clientele by the  
high character of the service it renders  
to the public.

On checking accounts two per cent.  
interest is allowed. This bank has al-  
ways paid four per cent. on savings  
accounts and interest begins on the first  
day of each month. There is no limit  
to the amount which may be deposited  
in the savings department. The safe  
deposit vault is on the ground floor and  
the rates are one-half the Boston ren-  
als. This company also has a large fore-  
ign exchange business. The members  
of the Technology faculty who are stor-  
ing valuable books and manuscripts  
can have their books and papers much  
more accessible by having them in the  
Central Trust Company vaults. The  
company calls for and delivers storage  
without charge.

The business hours of the Central  
Trust Company are very convenient and  
will meet the requirements of both the  
members of the faculty and the stu-  
dents of the Institute. The bank's doors  
are open every day, except Saturday,  
from eight A. M. to four P. M., and on  
Saturdays the hours are from eight A.  
M. to one P. M. and from six to eight  
in the evening. Saturday evening all  
departments are open and all lines of  
the company's business are transacted.

Banking business may be transacted  
by mail, as this company has facilities  
for expediting and safe-guarding any  
business transacted through the mails.  
Deposits in the Central Trust Company  
may be made at any United States mail  
box.

The professors and students of the  
Institute will find that the Central  
Trust Company is mindful of their  
special needs and that it offers them a  
banking service that is not only highly  
efficient, but that is also cordial and  
neighborly.—Adv.

### TECHNIQUE NOTICE

On Thursday, Nov. 9, a cut will be  
made in the number of candidates for  
assistant business manager of Tech-  
nique. The number of men will be cut  
from eight to three or four. This cut  
will be announced in The Tech of Fri-  
day, Nov. 10.

### THE LOUNGER

(Continued from page 3)

(However, the Juniors will never for-  
give her the 1919 armband.) And while  
The Lounger is on the subject, he must  
mention the remark of some fond  
parent's eventual Willie upon the  
emergence of the Technology Quartette.  
"Ma, why don't they holler?" If they  
did, it might have been with them as  
with The Lounger—while joining in  
the "regular M. I. T." requirements of  
the evening, he thought himself carried  
away with excitement; but upon his  
next attempt to speak he found it was  
his voice.

### FIELD DAY DINNER

(Continued from page 2)

opportunities to win an intercollegiate  
relay on the floor of Mechanics Build-  
ing. Any freshman coming out now and  
doing consistent work has a very good  
chance of making the Varsity, and there  
are some 1920 men in line for that now."

In his concluding address Dr. Rowe  
spoke of the crew race Friday, and said,  
"The Advisory Council on Athletics is  
considering the question of establishing  
crew as a sport here; perhaps as a Field  
Day sport. We do not wish to take any  
step which has not the hearty support  
of the undergraduates, and therefore it  
will be a favor to us if the captains and  
managers of teams will take a canvass  
of opinion among those athletically in-  
clined. Intercollegiate rowing is, on  
account of the cost, absolutely out of  
the question, at least for a good many  
years; but intramural rowing may put  
within the reach of all one of the best  
and cleanest of sports."

The banquet concluded with the lov-  
ing-cup ceremony; the Field Day cup  
filled with cider, traveled around the  
table and each in turn, holding it in  
both hands, gave his name, class and  
address. On breaking up cheers were  
given for Dr. Rowe and for Nathan '20,  
the freshman quarterback.

### CHEMICAL SOCIETY

Change in Election Date of Officers—  
Trip Tomorrow

At the meeting of the Chemical So-  
ciety held last Thursday evening an  
amendment to the constitution was  
made for the change of date of elec-  
tion of officers. The date fixed is the  
last Friday preceding the Christmas  
vacation. Nomination papers under the  
new plan will be due the second Fri-  
day preceding the vacation, thus pro-  
viding one week for proper publicity.  
The newly elected board will assume  
office at the beginning of the second  
term and retain the same until one  
year from that date. A correction  
should be made of a previous state-  
ment of The Tech to the effect that  
no Senior Xa men will be allowed to  
hold office in the Society owing to the  
fact that in the last half of the year  
the work of the men in this course is  
largely outside the Institute.

Mr. Rufus C. Folsom outlined the  
processes that the members of the So-  
ciety will see on their trip tomorrow  
through the Granite Street plant of  
the American Sugar Refining Company  
at South Boston. The members will  
meet at quarter of two at Massachu-  
setts Avenue and Boylston Street.

It was announced that the third trip  
will be to the Union Glass Company  
at Somerville. It will be taken in  
groups of five men each. On Thursday,  
November 9, three groups will go, three  
on Friday, November 10, three on  
Tuesday, November 14, and three on  
Thursday, November 16. The first  
group on each day will arrive at 2.00  
P. M., the second at 3.00 P. M., and  
the last at 5.00 P. M. Sixty men have  
so far signed up for this trip.

A short time before each trip a no-  
tice will be published giving the time  
and place of meeting for each group.

### WRESTLING TEAM

On Wednesday, November 8, there  
will be a meeting of all men interested  
in wrestling in Room 2-290 at 5.00  
o'clock. Candidates for the Wrestling  
Team may be members of any class in  
the Institute. The Captain, Manager,  
and Coach of the team will make an-  
nouncements concerning the plans for  
the coming season and will arrange for  
a place and time to practice.

### SHOW COMPETITION

The candidates for freshman Assis-  
tant Publicity Manager of the Tech  
Show will meet this afternoon at 5.00  
o'clock in Room 1-150. The first as-  
signments in the competition will be  
due at this time. Any first year men  
desiring to try out for the position on  
the Show Management, may still enter  
the competition by reporting to Man-  
ager Caird, '18, at this meeting. The  
first cut in the number of men out for  
the position will not be made this  
week. Any time until the cut is made  
new men may enter the contest and  
will be considered as candidates, pro-  
vided they do the work which the oth-  
ers have done. The competition will  
probably close within three weeks.

**FOUNTAIN PEN EDUCATION.** A process of experimenting

# MURAD

## THE Turkish Cigarette

That Murads are

Better than many  
25 cent cigarettes

is NOT a mere claim.

Murads ARE better—because better, higher-priced tobacco  
goes into Murads.

Much of the tobacco used in many 25 CENT cigarettes  
could never get into the Murad brand. These facts are  
perfectly well known among cigarette manufacturers.

We Challenge Contradiction.

Don't pay 25 Cents for a cigarette whose price is the only  
expensive thing about it. A half dozen puffs will show  
how much better Murads are.
