**PRESENT AEROPLANE TO STATE**

(Continued from page 1)  
plane came into view and flew over the pier.

**Ex-Governor Makes Congratulatory Speech**

Doctor Maclaurin next introduced Ex-Governor David I. Walsh. A few minutes after Mr. Walsh began his speech, Aviator Doherty of the Burgess Company, flying the hydroplane, made one spiral to the left and one to the right over the Institute, completing the figure "eight," and voloplaned down to the Charles, making a beautiful landing.

Mr. Walsh congratulated the Commonwealth on receiving the hydroplane, and spoke on preparedness. He said that if our liberty meant anything to us it was worth preserving, and to preserve our liberty it would be necessary to be sufficiently prepared. He said further that the European War had shown that no branch was so important in warfare as aviation today. He compared our aerial resources with those of the leading powers abroad, saying that these countries have from five to ten thousand machines engaged in service, while our government has at present only three hundred. He remarked that the presentation of this hydroplane marked the commencement of a great work and public service.

Ex-Governor Walsh also said that the primary reason the machine was presented was the desire for peace, although there was a difference of opinion in the method to be used to obtain lasting peace. One faction desired total disarmament in hope that other powers would follow the example set by us. The other faction hoped for peace by making the army and navy on the same par with the other powers. He maintained at present the personnel of the army and navy was inadequate, and recommended universal training as a means of training men to fill these positions in times of peril. He said further that the government has not up to the present passed a law to enforce this, and that military training would teach young men discipline, would stimulate greater duty to the State, would increase their love of peace, would increase their respect for their country, and would make them more efficient, more desirable for citizens. He also said that many young men are eager to learn to serve their country in time of danger, but cannot in times of peace because there is not sufficient equipment.

He claimed the country should be put on an aeroplane footing capable of combatting any aerial fleets coming from the other side of the Atlantic. This danger could be allayed by training citizens to fly. He closed by praising Mr. Cabot for inspiring this gift and congratulated him on his patriotism in learning to fly an aeroplane at the age of fifty, in order to be of service to his country in time of need.

The machine presented to the Militia is a tractor biplane of the single pontoon type made by the Burgess Company of Marblehead, Mass. It is equipped with a one hundred horsepower Curtiss engine and Derpudissin control. After making several exhibition flights the machine returned to Newburyport, Mass.

**DORMITORY ELECTION**

F. S. Conaty Elected Senior Chairman of the Entire Four Sections

Through lack of attendance the election for individual section representatives in section D at the new dormitories was postponed till last Tuesday night. The representatives elected were as follows: Senior, A. R. Brooks; Junior, R. Loutski; Sophomore, M. D. Connors; freshman, J. L. Dean. The four Senior section representatives of the four houses met last night and elected a fifth Senior, F. S. Conaty as their chairman.

**ENGINEER CORPS MEET**

Captain Downing Outlines Plans — Work to Commence Next Week

Sixty-two men attended the meeting of the Engineer Corps yesterday afternoon at 4 o'clock in Room 3-370. Captain Downing outlined the present plans of the organization, which will include two hours of work a week instead of the five required by the War Department for the Reserve Officers' Training Corps. This necessitates a voluntary status of the Corps for the present, with the probability that the War Department will later recognize the work as carried on under the reduced basis.

The Corps has been divided into two sections. One section will take theoretical instruction Wednesday from 3 to 4 o'clock and the other from 3 to 4 Thursdays. Both sections will have an hour of practical work from 4 to 5 every Thursday.

At present no uniform will be supplied nor required. The Engineers' Manual as issued by the War Department will be used as a textbook. Captain Downing has succeeded in having the necessary field equipment issued to him personally, and will turn it over to the Corps.

Work will commence next Wednesday, the room to be announced later. All men who wish to take the course and have not as yet signed up are requested to do so at once with Professor Howard in Room 1-251. No obligation whatsoever is entailed except that of attendance.

**FRESHMAN NOMINATIONS**

All Papers Must Be in by 4.30 Saturday

All nomination papers for officers of the freshman class must be handed in at the Caf by 4.30 o'clock tomorrow afternoon, otherwise, under no conditions will they be accepted. Each paper must be signed by at least ten members of the class. It is not necessary that these men have paid their class dues, but in order that the nominee be eligible for election, his dues must be entirely paid. The election will be held Friday, Nov. 17.

**FALL TENNIS TOURNAMENT**

The semi-finals of the tennis tournament are now completed and the final round well under way. The men are showing up well and a successful season is hoped for this spring. The results so far are as follows in the semi-finals: R. B. Swain '17 defeated A. B. Sanger '18, 6-0, 6-1; C. B. Stanwood '20 defeated C. R. Tutin '18, 6-1, 6-2; W. Wyer '18 defeated B. M. Hooper '18, 6-4, 6-0; W. N. Barron '18 defeated H. E. Collins '18, 6-4, 6-4; and in the finals, A. B. Swain '18 defeated C. B. Stanwood '20, 6-1, 6-4.

**CATHOLIC CLUB**

This evening at 8 o'clock the Catholic Club will hold their first dance of the year at St. Cecilia's Hall on Belvidere street, near the corner of Massachusetts avenue and Boylston street. The affair is an informal one and is not restricted to members of the club. Music will be furnished by Delaney's Orchestra and after the dance refreshments will be served. The subscription is one dollar per couple.
