OUR OBLIGATION TO THE ENGLISH DEPARTMENT

IT IS A MATTER of great satisfaction to the Tech that the Committee on English has been able to select a special section of first year English for the freshmen writing on the paper. Some time ago, several sections were assigned, as the middle course, as has involved a lot of work for the Department for the ultimate results of which the Tech is most grateful. We would also express at this time our appreciation for the efforts of those members of the Faculty who have attempted to render the schedules of freshmen who desire to enter the class, but who have encountered difficulties at the hours selected as causing least confusion.

The formation of this class has not arisen from a selfish motive on the part of the Tech, nor does it represent favoritism. The Tech does not exist for itself. Its existence on the contrary, depends on the satisfaction of the students and the students alone.

The Editor-in-Chief is always responsible for the opinions expressed in the advertisements appearing in the Tech, and the Editor-in-Chief is responsible for the matter which appears in the news columns.

Contributors to the Looney and the Tech should be addressed specifically to them at the office of the Tech.

WEDNESDAY, NOVEMBER 15, 1916

STATISTICS CLASSES

The class in statistics, which meets on Mondays and Fridays, is likely to elect ten, and the class in astronomy is meeting next, with a view of selecting at least five. The committee, which has requested that the number of the class also be given, now will include ten.

Second choice round will be made if necessary, in order that he may get a twenty-five trip ticket, which will make the cost of a single ticket fifteen cents one way.

The following members of the class are proposed for the advance class: Miss Minnie Coffin, Boston, Miss Flora Gray, Watertown, Miss Mary B. Hadley, Lawrence, Miss Nina Finney, Medford, Miss Natalie Smith, Newton, Nell H. Jaycox, Lynn, Miss Alice G. Lebrec, Beverly, Miss Martha Cockrum, Easthampton, Miss Harriet Farris, Cambridge, Miss Ida H. Goodwin, Wellesley.

FACULTY NOTICE

Professor Penton's reading will continue. The next reading will be held in Room 228 at 5:45 on Wednesday, November 28.

Professor Humphreys, Registrar.

"The thoughtless talker is like a blank cartridge. He makes a loud noise but never hits his target."

When you want to think, it's a little wiser that Velvett is the one to go to. He has been naturally aged for two years.

Professor Crane Lectures

Under the auspices of the Lowell Institute, Professor Crane is giving a course of lectures under the general title of "Christian Architecture from Charlemagne to Henry VIII." These lectures are given in Huntington Hall on Tuesday and Friday evenings at 7 o'clock. Admission is by ticket only, and the entire supply has already been disposed of for the benefit of the Auxiliary. The subject will be "The Five Powers of Christian Architecture." The next lecture will be on "The Solemnity and the Light" of Gothic Architecture. The pedagogical dictum that he who thoughtlessly points out the symptoms of evil was one at Lezinge's present writing. Rapidly developing, though it is a question whether in the resultant conflict the battle will be strong any more than the men to the swift.

OLD COLONY TRUST

"These three words are the theme on which the late Mr. Robinson has been so well addressed.

M. I. T. GEOLOGICAL CONGRESS

The annual meeting for the you're reading on the new book is Tuesday, November 17, 1916, at 4:30 P.M. in Room 4045. The program will be formally presented for discussion.
