DELAY ON PRESIDENT'S HOUSE
 Cold Weather Prevents Completion of
 Work This Winter

It looks as if Technology will be without an Executive Mansion this Winter. President Maclaurin's new house, the gift of Stone & Webster, on the Esplanade, is far from completed, and will probably not be ready for occupancy before the Spring. The foundation has been recently laid, and the moulds for the superstructure are now going up. The coming of Winter will greatly delay the work, and until milder weather sets in again, very little progress will be made on the building.

M. E. SOCIETY TRIP
 Visit to Metropolitan Pumping Station
 Proves Interesting

Sixteen members of the Mechanical Engineering Society took an instructive trip to the Metropolitan Pumping Station yesterday. The gauges, meters and condensers were explained to the men, and interesting facts told them concerning the equipment. The pumps have a capacity of from 25,000 to 32,000 gallons per minute. Corliss engines, working between 27-inch vacuum and 155 pounds in the low pressure, furnish the power. Economizers are used throughout. Hand stoking is also employed and the super-heating is done directly in fine tube Dane boilers.

MUSICAL CLUB NOTICE
 The meeting for men interested in the formation of a Ukulele Club in connection with the other musical clubs which was to be held this afternoon will not take place, but all men who are interested in the new club are requested to leave their names at the Musical Clubs' office in the basement of Building 1.

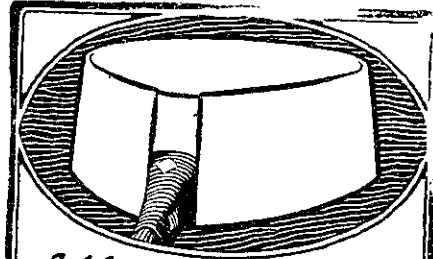

The preliminary dance orders for the Winter Concert are now ready and the men who have already gotten their tickets may obtain the orders at the Musical Clubs' office.

Groups of ten or more persons desiring to obtain seats together at the concert should make application to the manager at the earliest possible date, as the reservations will be made in the order of application.

The regular orchestra rehearsal will be held today at 5 o'clock, under the direction of Mr. Howard. The section of string instruments is to meet at 4.15 o'clock.

JUNIOR PROM COMMITTEE
 On Saturday, December 2, at 5 o'clock, all nominations for the Junior Prom Committee are due in the Caf. The nominations must be signed by at least ten men and all nominees as well as voters must have paid their class dues. The papers should also contain a list of offices held by the nominee together with his society and fraternity memberships.
