## THE CLASS PICTURE

1918 has the honor of being the first to have the Junior class picture taken on the steps of the Walker Memorial. The photograph will be a valuable part of the year book inasmuch as the building in its unfinished state will present a background which will serve as a reminder of the year in which the new order of things was established. No such volume of tradition as was built up around Rogers can be said to attach to our present home: it will take years and perhaps the growth of ivy to give the New Technology the sentimental value so intimately connected with real tradition. The Junior class group photographed on Walker Memorial steps will be a conspicuous example of the origination of a laudable custom.

The Tech wishes luck to the five year, Course X-A men who are leaving at the end of the term to give trial to the new method of combining theory and practise by training in diverse chemical works until the latter part of next summer. The results of their experience will be closely investigated, for success in the design may mean its inception into other courses where it could be as aptly applied. X-A is first into the new field. Assuredly the pioneer students who have been chosen to carry out the plan will prove the excellence of the course.

Three cheers for the Tech navy! We all expect to crowd the walks about the Basin to cheer the Technology crews to victory next spring. Candidates are faithful in their support of the vital winter work, which is to hold for three months, and the impetus thus gained will mean a big advantage to the furthering of the aquatic sport.

Today The Tech suspends publication until the period of stress is over. The first issue of the second term will appear on the opening day, Monday, Feb. 5.

## HELPS BETA THETA PI MEN

Arthur G. Gilmore Leaves \$10,000 to Aid Needy Students

To assist needy students who shall be members of the Beta Theta Pi Fraternity, Arthur G. Gilmore has left \$10,000 by his will to Technology. The bequest becomes operative upon the death of Emme G. Snow. The income from this amount will be used for the above mentioned purpose. Mr. Gilmore, who was associated with Cyrus, Brewer and Co., insurance agents, expressed the desire that the interest be divided among not more than two students in one year.

## B. A. A. TICKETS

Reserved seat tickets for the Tech section at the B. A. A. Games on Feb. 3 may be obtained on application to Major F. H. Briggs, 10 High Street, Boston. The price of tickets is \$2.00 each. The number obtainable is limited.

## ENGLISH HIGH CLUB FORMED

Graduates of the Boston English High School at Technology met yesterday and decided to form an English High School Club. The freshmen had had such a club for some time, but they decided to reorganize to include all the classes. A committee consisting of one Junior, one Sopho-

more, and one freshman was appointed to draw up a constitution. The committee will call a meeting as soon as they have done this and will submit it to the approval of the club.

## ORCHESTRA SELECTIONS

At the rehearsal of the Orchestra last Saturday, the following men were selected for the Wakefield concert:—

Violins: Bean, Dooley, Gilbert, Lord, Myers, Read, Shedlovsky, Smoley, Warren; Cello: Seifert, Zeitfuchs; Flutes: Hunt, McNally; Clarinets: Bassoon, Breaten, Gay, Gilt; Cornets: Grohe, McGuire; Trombones: Blanchard, J. W. Proctor; Horns: Thompson; Piano: Cohen; Drums: C. T. Proctor.

Tickets for the concert may be obtained at the cashier's desk in the Caf.

## RIFLE TEAM ACTIVE

During the mid-year examinations and the vacation that follows, the Technology Rifle Team will shoot two matches. In preparation for these, all candidates have been requested to put in as much time on the range as is possible. All the club's guns will be in the Armory this week, and someone will probably be in charge of the range from 3 to 6 o'clock each day. The matches to decide the personnel of the team will be posted this morning, and all matches are to be shot before Thursday.

Last year the Technology Rifle Team was ranked in Class C, but with the improved conditions, it is hoped that this year the team will advance.

## \$4,000,000 REAL ESTATE DEAL

(Continued from page 1)  
Clarendon, Berkeley and Providence streets. C. W. Whittier & Brother and Poole & Bigelow, as brokers, represent Technology; Whitcomb & Company acted for the railroad.

The trustees of the Park Square Real Estate Trust are:

Chairman, Amory Eliot, president of the Webster & Atlas National Bank; Charles Francis Adams, treasurer of Harvard College; Edgar R. Champlin, president of the Massachusetts Trust Company; George S. Smith, former president of the Boston Chamber of Commerce, and Frederick J. Bradlee, actuary of the Old Colony Trust Company.

This great development, in its initial steps, has occupied McDonald, Draper and Dowling about three months, and the taking up of the options on the property makes it an actuality.

The Park Square Real Estate Trust will at once start the development of this valuable tract of land. Already the trust has in view buildings for big institutions, large department stores, office buildings, and the promoters are authority for the statement that enough construction already is in sight to guarantee the success of this ambitious enterprise.

## VARSITY WRESTLERS TO MEET PITTSBURG DURING MID-YEARS

Freshman Wrestlers Will Go to Andover February 10

The varsity wrestling team is to meet the Pennsylvania State College at Philadelphia and the University of Pittsburg at Pittsburg during the mid-year vacation. The following men will probably go on the trip: 115 lb. class, H. L. Bone '17; 125 lb., G. H. Stebbins '17; 135 lb., Captain E. W. Rounds '17; 145 lb., J. T. Kiley '18; 158 lb., H. T. Wirt '18; 175 lb., J. M. Todd, and unlimited class, R. E. Davis '20. H. L. Bone '17 wrestled in the 125 lb. class last year, but is wrestling in the 115 lb. class this year. Captain Rounds, who wrestled in the 125 lb. class last year, is wrestling in the 135 lb. class this year. The team has many substitutes who may displace some of the above, men. The team is showing up especially well in the 125 and 158 lb. classes.

## Freshmen to Wrestle Andover

The freshman team will meet Andover on Feb. 10 at Andover. A very close meet is expected as Andover has been strong in the past few years. N. P. Dana will wrestle in the 115 lb. class, J. D. Bowman in the 125 lb. class, H. H. Smith in the 145 lb. class, and R. P. Abercrombie in the unlimited class. The 135 lb. class is still unsettled. W. M. Freeman will wrestle N. G. Abbott today for the 158 lb. class and R. M. Noelke will meet S. Levinson for the 175 lb. class. A few substitutes will be taken along to meet any extra men that Andover may have.

## FENCING DELAYED

The management of the fencing team has decided to postpone the first practise until the beginning of the second term, when everyone will have more time. In the meanwhile, definite arrangements will be made about the coach and the place of practise.
