one side of the track. The sprint men
are able to get the full benefit of their
speed instead of being quickly halted,
as was the case in the Garrison Street
Gym when the men ran up against the
blank wall at the finish of the dash.
By also using this straightaway as the
first course of any of the distance
races, it is possible to get rid of the
piling up at the corners so prevalent
on most tracks.

The track is eight feet wide, con-
structed of one inch pine boards upon
heavy supports. It is built close to
the ground and will be taken up and
stored at the close of the indoor sea-
son. The track measures 150.88 yards
to the lap, or approximately twelve
laps to the mile.

MUSICAL CLUB GIVES CONCERT

Members Show Improvement at First
Local Recital

The Combined Musical Clubs gave
the first local concert of the term at
the Mount Ida School, in Newton, last
Saturday night. The concert was at-
tended by members of the school and
their guests. The three solo numbers
rendered by Proctor, Hedlund and
Owen were particularly appreciated. A
comic song solo given by C. J. Parsons
'19 also made a decided hit.

- The program was as follows:
1. Take Me Back to Tech
Combined Musical Clubs
 2. Kahola Honolulu Kalili and Lei

GERMAN CLUB TO BE FORMED

There will be a meeting tomorrow
in Room 2-190 at 5 P. M. for the pur-
pose of organizing a Deutscher Verein.
All students who have passed or re-
ceived credit for Intermediate German
are eligible for membership. The object
of the club is to cultivate a speaking
knowledge of German. Talks will be
given in German by prominent Ger-
man-Americans, while all the business
of the organization will be conducted
in German. Several attempts have been
made to form a German club before
this, but they have not succeeded be-
cause of lack of interest.

WIRELESS SOCIETY

The Radio Club will hold its first
meeting of the term this afternoon in
Room 1-151 at 5 o'clock. The business
to be taken up consists of the election
of a president and treasurer to replace
the men who recently resigned.

SWIMMING TEAM IN HARD MEET

Technology to Meet Brown—New Of-
ficers Elected

This coming Saturday evening, the
Technology Swimming Team will meet
the swimmers from Brown in the Cam-
bridge Y. M. C. A. pool. This meet
will be of especial interest because it
is the last meet before the Intercolle-
giates, and is therefore the final op-
portunity for seeing the team at home,
and because, in a meet held last Mon-
day, C. C. N. Y., who lost to M. I. T.
in the triangular meet last Saturday,
were beaten badly by Brown. If M.
T. is to claim a championship, she
must defeat Brown in this meet. The
management desires that as many a-
can will be present at the meet Sat-
urday evening to act as a cheering sec-
tion for the team. Tickets will be on
sale at the Y. M. C. A. door.

At a meeting of the team held last
Monday, Max Untersee '19 was elected
captain for the coming year, Paul D.
Scheeline '19 was chosen manager, and
Dudley B. Murphy '19, assistant man-
ager.

In the next few weeks an effort will
be made to raise a fund sufficiently
large to send the entire team to Phila-
delphia for the Intercollegiate. Owing
to the remarkable showing that the
team has made this season, the man-
agement feels that it would be wrong
to have it handicapped at the big meet
by lack of numbers.

The first five men constitute the team
and their scores are the ones that are
counted in the team score, which in
this case was a total of 812 for the
team in the first match, and 816 in the
second.

Those men who shot in these first
matches make up the team squad. Po-
sitions on the squad are open to com-
petition and any man who hands in
practise targets with sufficiently high
scores will be placed on the squad.

The Armory will be open for practice
every afternoon except Saturdays. The
third and fourth matches are to be shot
off this week, the off-hand today, and
the prone Thursday and Friday.

**No, Philburt, I am not a-arguing with you.
I'm just a-telling you**

—when you want a *real* smoke, get behind a pipeful of
Tuxedo and watch all the big and little Worries that
have been a-besieging you, evacuate their trenches
and make a rushin' advance to the rear. Those fragrant
whiffs of "Tux" make them feel too joyful—no self-
respecting Worries can stand for that.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

The combination of the best smoking-tobacco leaf in the
world and the best method ever discovered for refining
and mellowing tobacco puts Tuxedo in a class by itself.

Kentucky's ripest, mildest Burley
leaf, when treated by the original
"Tuxedo Process" loses every trace
of bite—develops a wonderfully
pleasing fragrance and flavor that
are not found in any other tobacco.

No other manufacturer knows
the "Tuxedo Process"; that's why
no imitator ever equals Tuxedo!
