VENUS 10c PENCIL
No matter what course you are taking you need this famous pencil!

Because of the superior quality of material and workmanship, VENUS is the finest pencil it is possible to make.

If you have a hard pencil give the heel a tap and you'll find it may be sharpened to a fine point. For shading, general writing purposes, etc., 6H-5H-4H are available.

For sketching, general writing purposes, etc., 2H, 3H, 4H (medium) will prove desirable.

For drafting, a medium will suit most every purpose. HB is best.

For very thin, narrow lines use an HB pencil with a very fine point of about 0.3 to 0.4 mm. You will find that an HB pencil is the most satisfactory water marker that will give you a clean, black, and definite line. Fine points are available in HB and 2H. For use in special cases of writing, you will find a HB pencil very practical.

You may send in your orders to the nearest Cambridge bank or to the Central Trust Company.
