Ohio show pictures taken

The Tech show pictures were taken yesterday at the studios of Otto Sarony. In spite of the fact that it was Monday, the tech picture, that of the orchestra, was taken early, as scheduled. The picture of the orchestra was taken at 9:30 o'clock, though two of the scenes were done later to be in it. After that, R. E. Whitman, editor of "Set, note, rival;" and "individuals" followed by "set, note," a concerted, a group picture of the ballet, and some individual poses in costume. The other pictures were taken of the men in their drill clothes as the continuous was not yet ready. These are for Technique, which requires its material at once. Finishing costume will probably be taken later.
