PETITION TO SENATE WAITS
FOR MORE SIGNATURES

The message to the President and
Senators, supporting the Senator's foreign
policy, has not been removed from
the bulletin board in the lobby,
where it was placed last Friday. One
hundred eighty names have been added to
the document up to the present. Those
lacking the movement believe that
many who would be willing to give
support by signing have not done so
because they were not apprised to per-
sonally, and that many more will sign
in the next few days.

PRATERKIN BOWL
Theta Delta Chi defeated Delta Tau
Delta and Sigma Chi in a triangular
match last Friday evening in
the Pavilion, capturing five out of
department.

THE WAR DEPARTMENT INQUIRY
TODAY the committee of five army officers will meet at
the Institute to consider the possibility of including some of
the regular corps as part of the five points per week
required by the Reserve Training Corps Law. The Engineers;
Corps is viewed as a competent
organization for Combined Clubs of the Institute. Surely
not the Military and Naval.

The very nature of the training that Technology gives to her
graduates makes them of distinct value in the building of a
residence to secure adequate national defense. The desire to serve is
instilled in the hearts of the men of Technology. Lack of time
is the only preventative force now standing in the way of the un-
dergraduates' willingness to perfect themselves to be of greater
worth to the country. Technology is serious in her desire to help
build up a reserve. The Board of Inquiry will no doubt recognize
the adaptability of the Institute to the accomplishment of results
desired under the Reserve Corps Law. Favourite action is con-

The Advantages We Offer
An efficient and courteous organization,
progressive methods, large resources and three
caliber offices, conveniently located in different
sections of Boston, combine to make the Old Colony
Trust Company the most desirable depository
in New England.
