KEEP OFF THE GRASS

(Continued from page 1)
front of the buildings had been taken
up with the Park Commission. The
only means left apparently seems to be
the posting of signs giving everyone
ample notice of the fact that these
grounds are private property and that
trespassing will not be tolerated. For
those who persist in encouraging the
matter of trespassing over this prop-
erty, the inevitable result will be po-
lice protection by means of which the
law will step in and arrests be made.

E. G. Senter '17, chairman of the
Finance Committee, stated that the
fund started by Technique 1916 would
be used as an undergraduates' activi-
ties trust fund and that it was hoped
that other activities might be induced
to contribute to it and thus increase
the amount available. W. A. Wood '17,
of the Point System Committee, called
attention to the fact that there are
three men on the Show who are over
points, have had the matter called to
their attention, and have not yet
straightened the matter out. L. L. Mc-
Grady '17 reported for the "Back to
Rogers Committee" that the object of
this entertainment was to raise three
hundred dollars to defray the running
expenses of the Institute Committee
and that it was believed that the affair
was a success financially.

The committee appointed to nominate
men for the office of student repre-
sentative to the Board of Directors of the
Technology Branch Store presented the
names of J. M. DeBell '17, K. Reid '18
and J. T. Leonard '18, DeBell being
elected.

GOV. McCALL AIDS AERO CLUB

(Continued from page 1)
does not necessarily know how to navi-
gate it. Practical knowledge is not to
be thought of as not being important,
for it is, and it is by these summer
camps that it can be acquired by stu-
dents.

E. P. Warner '17, who is the presi-
dent of the club, has prepared a num-
ber of slides illustrating the different
types of air planes, which he will pre-
sent to the members of the club at the
meeting, slated for next week.

ROWING MACHINES MOVED

The rowing machines have been re-
moved from the basement of Building 1
and placed in the B. A. A. boathouse.
In the future, practice will be held at
the boathouse, and the candidates are
given a choice of two days of taking
their work. Those who choose may
dress at the Institute, jog slowly to the
boathouse, work five minutes on the
machines, and then jog slowly back. Or
the candidates may walk over, dress
there, work on the machines, and then
take a short run.

BANKING AND SAFE DEPOSIT

The nearest Cambridge bank to the
Institute is the Central Trust Company.
Its main office is at No. 599 Massachu-
setts Avenue, exactly at the easterly
entrances and exits of the Central
Square Station of the Cambridge sub-
way.

The Central Trust Company is not
only the oldest bank in Cambridge—the
business having been established in
1826—but it also is the largest subur-
ban trust company in Massachusetts.
This institution has built up its busi-
ness and increased its clientele by the
high character of the service it renders
to the public.

On checking accounts two per cent.
interest is allowed. This bank has al-
ways paid four per cent. on savings
accounts and interest begins on the first
day of each month. There is no limit
to the amount which may be deposited
in the savings department. The safe
deposit vault is on the ground floor and
the rates are one-half the Boston ren-
tals. This company also has a large for-
eign exchange business. The members
of the Technology faculty who are stor-
ing valuable books and manuscripts
can have their books and papers much
more accessible by having them in the
Central Trust Company vaults. The
company calls for and delivers storage
without charge.

The business hours of the Central
Trust Company are very convenient and
will meet the requirements of both the
members of the faculty and the stu-
dents of the Institute. The bank's doors
are open every day, except Saturday,
from eight A. M. to four P. M., and on
Saturdays the hours are from eight A.
M. to one P. M. and from six to eight
in the evening. Saturday evening all
departments are open and all lines of
the company's business are transacted.

Banking business may be transacted
by mail, as this company has facilities
for expediting and safe-guarding any
business transacted through the mails.
Deposits in the Central Trust Company
may be made at any United States mail
box.

The professors and students of the
Institute will find that the Central
Trust Company is mindful of their
special needs and that it offers them a
banking service that is not only highly
efficient, but that is also cordial and
neighborly.—Adv.

MURAD

The principal difference be-
tween **Murad** and most 25-Cent
cigarettes is Quality—in favor of
Murad.

This fact has given Murad a standing
in Society, in Business, in Clubs, among
Connoisseurs, such as no cigarette ever had
before.

The greatest selling high-grade cigarette
in the world—because it is so full of goodness.

THE TURKISH CIGARETTE

Judge
for yourself—
compare Murad
with any 25 Cent
Cigarette

**REMEMBER—Turkish
tobacco is the world's
most famous tobacco for
cigarettes.**
