MARMON 34

100 pounds lighter! Yet the new Marmont 34 holds the road better than the heaviest car on the market.

That's because of perfectly balanced lightness-weight and the wonderful compound rear wheel group which absolutely eliminates all body-side sway-and the resulting whip-lash action.

Think of a luxury car of 136-inch wheelbase, 5-passenger capacity and 74 brake horsepower that weighs but 3540 lbs. fully equipped for cruising.

You must ride in this car to appreciate it. It is the nimblest, flithest and most sure-footed of all cars, and one of the handiest ever built. The extensive use of aluminum and scientific design are the causes of light weight.

NORDYKE & MARMON COMPANY
Established 1852 - INDIANAPOLIS

Particularly for the convenience of our Technology Patrons

The Walton Lunch Co. have opened up one of the finest

Dairy Lunch Rooms in New England
