The Massachusetts Institute of Technology

CAMBRIDGE

RICHARD C. MACLAURIN, M. A., Sc. D., LL.D.

President

THE MASSACHUSETTS INSTITUTE OF TECHNOLOGY offers courses, each of four years duration, leading to the degree of Bachelor of Science, in Civil, Chemical, Electrical, Chemical, and Veterinary Engineering; in Architecture, Chemistry, Electro-Chemistry, Biology and Public Health, Physics, General Science, Geology and Naval Architecture, and in Engineering Administration.

To be admitted to the first-year class, applicants must have attained the age of seventeen, and must pass satisfactory examinations in Algebra, Plane and Solid Geometry, Physics, English, History, French, and German, and must present teachers' certificates for two of a series of elective subjects. A division of these entrance subjects between June and September or between two successive years is permitted.

Examinations are held at the Institute in June and September of each year. In June, applicants may be examined also by the College Entrance Examination Board in New York, Philadelphia, Chicago, and Minneapolis. Admissions of students from other countries are made on the basis of entrance examinations or on recommendation of the President of the Institution. Graduates of colleges and scientific schools of collegiate grade are admitted, without examination, to such advanced standing as is warranted by their previous training.

Graduates of colleges and scientific schools of collegiate grade are admitted, without examination, to such advanced standing as is warranted by their previous training.

Correspondence should be addressed to Prof. A. L. Morell, Secretary of the Faculty.

PUBLICATIONS

The Annual Catalog (issued in December), the Report of the President and the Treasurer (issued in January), the Programmes (issued in June), and circulars in regard to Admissions of Students from other Colleges; Summer Courses; Advanced Study and Research.

Any of the above-named publications will be mailed free upon application.
