The Significance of The Du Pont Oval is Our Trade Mark

It is emblematic of an honest product, guaranteed by us to be as represented—the best we know how to make for its price and at its price.

For 115 years the policy of this business has been to get and hold customers by giving them value for their money.

This policy continues. It applies to every article we make and sell. If you will examine, bearing our trade mark, or that of any concern mentioned below, is offered to you, it may be bought with full confidence that it is sold in good faith as being right, and that if through human frailty, it should happen that we make the mistake to do so, we seek the chance to make good.

This Policy is Ours, Not Merely for Moral Reasons but Because It Is Good Business

We value the customer far more than the franchise. We know you to be better judges of your requirements, especially at this time, because our line of products is broadening and one or more of them must inevitably come before you. Already we are making and selling 250 different commodities, some of which are salable in every home or business.

We ask you full confidence and your continued patronage.

military uniforms supplied and similar equipment. So the past practice of the B. A. A. will be reflected in its future.

Training Camps. The number of applicants to the 49th training camp of the United States is expected to be large. There will be no empty corners nor opportunities for slipshod work, but there is an excellent opportunity for those training for aeronautics in the Imperial, Cavalry, Field Artillery, and Coast Artillery, to obtain promptly. It should be noted that the limited number of assistants will mean a careful control of the training camps as to the quality and amount, and an accurate to the standard rate of wages and for labor than is necessary in order that the Government in the carrying out of its work may be made to the supremacy of the Allied Powers. The highest reputation in their communities.

The War Tech Will Give

No compensation will be given the live Alumni centre at Washington, in the heart of things.

News from the fifty local Technology associations all over the country.

News from the Technology centre in Paris, in touch with all those at the front.

News from the Summer Camp, from Plattsburg and from all other training camps where Institute men may be.

News of the various activities of the Institute and of its teaching staff.

News Twice a Week, fresh, condensed, accurate, vital news to every enrolled woman closely or remotely affiliated with Technology.

No Technology Man can Afford Not to Subscribe

Six months ($2.00) for $5.00; anywhere in the United States.

Your check or money order should be made out to the order of the President.
