The Significance of The Du Pont Oval is Our Trade Mark

It is emblematic of an honest product, guaranteed to be as represented—the best we know how to make for its purpose and at the price.

For 115 years the policy of this business has been to get and hold customers by giving them full value for their money.

This policy continues. It applies to every article we make and sell. If any article, bearing our trade mark, or that of any concern mentioned below, is offered to you, it may be bought with full confidence that it is sold in good faith as being right, and that if through human fallibility, it should prove not right, we seek the chance to make good.

This Policy Is Ours, Not Merely For Moral Reasons but Because It is Good Business

We value the customer for more than the transaction. We want you to keep this, especially at this time, because our line of products is broadening and one or more of them may very likely come before you. Already we are making and selling 250 different commodities, some of which are salable in every home or business.

We ask your full confidence and your continued patronage.
