Washington Correspondence

By Manus E. Schmidt

Executive Secretary, Technology Club of Washington

The War-Time Tech

TECHNOLOGY itself is giving remarkably effective war service to the country.

The Alumni in large and rapidly increasing numbers are in government or industrial work essential to war success.

THE UNDERGRADUATES are efficiently fitting themselves for similar patriotic duty.

TECHNOLOGY WOMEN are organizing to provide for men at the front and to cooperate with wives and mothers left behind.

Already Institute men are in Europe, and Lamsingh '98 is on his way to open a Technology centre in Paris.

The thousands of Technology men and the hundreds of thousands of the Institute should have news of all this and should have promptly.

Therefore the undersigned have co-operated to render this news from the Summer Camp, from Plattsburgh and from all other training camps where Institute men may be.

The Executive Board to administer the>The Tech for publication in The Tech; to communicate with the Union abroad as outlined in the following extract from a letter in July 23, 1917 by Professor Pearson to the American Federation of English in the Sheffield University Union abroad as outlined in the following letter in July 23, 1917 by Professor Pearson to the American Federation of English in the Sheffield University Union abroad as outlined in the following letter in July 23, 1917 by Professor Pearson to the American Federation of English in the Sheffield University Union abroad as outlined in the following letter in July 23, 1917 by Professor Pearson to the American Federation of English in the Sheffield University Union abroad as outlined in the following letter in July 23,
