The Significance of 1802

The Du Pont Ooze is Our Trade Mark

It is emblematic of an honest product, guaranteed by us to be as represented—due to the best we know how to make it for its purpose and at the price.

For 115 years the policy of this business has been to get and hold customers by giving them full value for their money.

This policy continues. It applies to every article we make and see to it that it is the best article we make at this time, because our line of products is broadening and one or more of them must inevitably come before you. We are already making and selling 250 different commodities, some of which are salable in every home of the United States.

We ask your full confidence and your continued patronage.
