The Significance of 1802

The Du Pont Oval is Our Trade Mark

It is emblematic of an honest product, guaranteed by us to be as represented—the best we know how to make for our purpose and requirements.

For 155 years the policy of this business has been to get and hold customers by giving them value far in excess of their cost.

This policy continues. It applies to every article we make and sell. If any article, bearing our trade mark, or that of any concern mentioned below, is offered to you, it may be bought with full confidence that it is sold in good faith as being right, and that through human fallibility, it should prove not right, we seek the chance to make good.

This POLICY IS OURS, NOT MERELY FOR MORAL REASONS BUT BECAUSE IT IS OUR BUSINESS

We value the customer far more than the transaction. We want you to know this, especially at this time, because our line of products is broadening and one or more of them must inevitably come before you. Already we are making and selling zygotic products in many commodities, some of which are saleable in every home or business.

We ask you to judge us by the products you purchase from us.

E. I. du Pont de Nemours & Co.
Wilmington, Delaware.

SUMMARY

OFFICIAL FROM THE M. I. T. COMMITTEE FOR NATIONAL SERVICE

WASHINGTON BUREAU OF SELECTIVE SERVICE

WASHINGTON, D.C.

Among the callers at the Washington office last week were: Staff Sergeant Willard J. Marke, who has been recommended by the Secretary of the Navy for a commission as a ranking Ensian as a result of an examination for ratings as a commissioned first lieutenant in the Officers Reserve Corps.

H. H. Blass, '17.

W. C. Brown '16.

J. M. Allen '10.

W. H. Baxter '17.

E. C. Stantoff '14, reported to the Army on Thursday, and is now attached to the staff of the service division as a commissioned first lieutenant.

W. C. Brown '16 has received an appointment as Assistant Paymaster for the Navy as a result of an examination to which twenty-four candidates were recommended, and Brown was well placed in the list of those who were successful. He will receive processing in the line of his specialty.

C. M. Young '36, representing the Armstrong Cork Co. of Pittsburg, who has spent considerable of his time in Washington and has been helping to develop the resistance of defense plants to the emergency food and clothing needs. He also is interested in technical matters and has been invited to the laboratories of the local society.

The local society welcomes you to his laboratory, as is the Washington Alumni Association.

The Draft

Secretary of the Navy has been notified that the service division as a commissioned first lieutenant.

The Sanitary Service at present is staffed to the newly authorized Regular Corps of the Army, which is being staffed in the particular area with the training given in the facilities school for Health and Physical Education, and the activities of the Surgeon General. This Corps now offers the professional, students or candidates as engaged in such industries. None of these cases can be so considered, and whether there is no statutory authority for extending or granting diplomas, of physicians, students or candidates in technical schools, under the provisions of section 44 of the Regulations for Local and District Boards.

The University of Chicago is training many of the drafted men in the military service.

The draft

General Crozier is issuing a series of circulars dealing with the various activities of the administrative boards, both local and district, and has made to the following questions:

(1) In the exercise of authority necessary to the maintenance of the military organization or the effective operation of the military forces or the maintenance of the national interest during the emergency?

(2) Does the person by or in respect of which the changes of plan are made necessary by such a status in respect of such jurisdiction of a district board, the jurisdiction of which is based. Questions have been asked whether the military forces or the maintenance of the national interest during the emergency?

Captain Augustus Bigelow, '16, of the 17th Field company of the Royal Engineers, British Army, has been recommended as a colonel in the Ordnance Corps.

James E. M. Belknap '17, of the Department of Labor, as an instructor in the Scientific Laboratory at the Washington Naval Academy.

For further information concerning these positions, communicate with the nearest Secretary of the Civil Service Commission or the M. I. T. Committee for National Service, 90 Union Trust Bldg., Washington, D.C.
