The War-Time Tech

TECHNOLOGY itself is giving remarkably effective war service to the Country. The ALUMNI in large and rapidly increasing numbers are in government service on important civil or war service. The UNDERGRADUATES are efficiently fitting themselves for similar patriotic duties. THE FRIENDS OF TECHNOLOGY have organized to provide men for the front. Already the first contingent of the army of TECHNOLOGY in Europe, and Lena Litchfield '85 has arrived and opened a Technology center in Paris.

The thousands of Technology men and the hundreds of thousand students who are in the army of TECHNOLOGY should have news of all this and should have it promptly. THEREFORE the undersigned have co-operated to render this newsservice by making THE TECH the organ of ALL TECHNOLOGY for the period of the war. The War-Tech will give:

NEWS from the Summer Camp, from Plattsburg and from all other training camps where Institute men may be.

NEWS twice a week, fresh, condensed, accurate, vital to every man and woman closely or remotely allied with Technology.

No Technology man can afford not to subscribe.

Six months (2 issues) for $1.00; anywhere in the United States. For their own sake and to stand behind the great drive to put all the resources of Technology behind the United States and her Allies, we urge every Institute man to subscribe.

THE TECH

Technology.

Mr. Advertiser: Do you know that THE TECH, which is the official news organ of the Massachusetts Institute of Technology, has now a guaranteed circulation of nearly ten thousand?

And, do you know that this number includes practically every man who ever went to Technology, a class of men more intelligent and more prosperous than any similar body in the country?

Mr. Advertiser, do you realize what this means to you as an opportunity to add to your clientele men unequaled in the buying power and in their ability to appreciate your wares?

The news circulated by THE TECH is largely news of National Service being rendered in the present crisis by Technology men. It is vitally interesting and vitally important to readers.

It will be read.

You, sir, know the value of that. Let us make you acquainted with the attractive details of our proposition. Remember—Twice a week we reach ten thousand Technology business men.

THE ORIGINAL PRICE OF AIRCRAFT

The price of airplanes is indicated that published accounts, as did Supt. F. B. West, showed that the government is free to engage in being in process of the submarine war. The price in which several hundred orders have been made in the war is by far the lowest.
