Today marks the beginning of a new organization, the Class of 1921. From now on there will come into existence traditional experiences and characteristics particularly identified with that organization. Every new man should therefore feel that he has a new responsibility beginning today. It is essential that the Institute Committee early decide to what extent they will appoint every one of you new men during this quarter at the Institute and when you enter the Engineering World. Let the arrangements remain clear of all sigma so that you freshmen alumni may look back with pride on a brilliant record of your four years at Technology.

WELCOME, CLASS OF 1921

The Advantages We Offer

An efficient and courteous organization, progressive methods, large resources and three offices, conveniently located in different sections of Boston, combine to make the Old Colony Trust Company the most desirable depository in New England.

The Letter Box

Frederick W. Gooty '19 writes:
I have impossible to obtain a letter at the Bureau of Standards working on the statistics of manganese, traversing every state in the Union. He has been a good deal of the privates at Tech and is growing a bit fast. The Institute Committee and charitably serve our Bureau System. As before...

The competition for the two positions of assistant professors on the staff of Institute 1919 will start Thursday, Sept. 29. The competition will be open to all institutes, all restored to the United States and states in which there is no assistant professor at 1:00 o'clock Thursday in Room 8-455, at which time the details of the competition will be announced.

REDACTED STUDENT TAX TO TWO HUNDRED AND FIVE DOLLARS (continued from page 1)

The actual plan as outlined differs from the plan for the blanket tax, athletic dues, and ana...
