HARRISONS RUST-PREVENTING ANTOXIDE

Gives maximum protection on all exposed metal surfaces.

It will lengthen the life of all metal which is exposed to rust. Can be used on galvanized iron over a first coat of HARRISONS Galvanized Iron Primer.

The increasing use of sheet metal out-buildings has created an enormous demand for a good rust-preventing paint.

We have used this paint on exposed metal buildings, fire-escapes, pipe-lines, etc., around our own plant, under the trying conditions which prevail around many acid- and paint-manufacturing plants and have been unable to find anything better for our own use.

To property owners who are really interested in the problems created by rising costs of upkeep, we gladly send a beautifully-printed brochure, which gives the practical experience of some well-known owners, municipalities, etc., with—
