**Chemical Products**

**For Factory and Laboratory**

WE ARE the manufacturer of coal tar products, including oils, acids, alcohols, and many preparations in which these materials form the chief ingredients.

Our plants in Faribault, and Depository Point, N. J., are designed especially to care for the particular requirements of the textile industries in which our products are used, and they represent the most modern development in equipment for the manufacture of these products.

Expert supervision and thoroughly equipped working laboratories enable our factory operations, as well as our QUALITY, PRICE, and SERVICE, to supply your requirements. We invite your correspondence.
