The schedule of boons at which the lawyers who have volunteered their services in explaining the questionnaire to registrants is published in another column of this issue. If you have any questions about the questionnaire or about the procedure of filling it out, consult one of the members of the Legal Advisory Committee. Conferences will be held in the Dean's offices Thursday, December 20, from 1 to 5 o'clock, Mr. Millikan, 8 to 12 o'clock, Prof. C. F. Allen, 1 to 5 o'clock, Prof. G. F. Allen, 7 to 11 o'clock, Prof. C. F. Allen, 7 to 11 o'clock, Prof. I. F. Allen, 7 to 11 o'clock, Prof. G. F. Allen, 7 to 11 o'clock. Arrangements have been made to have all registrants who have not completed their questionnaires come with their questionnaires to the Legal Advisory Committee after the Christmas recess in the Dean's office.

MUSICAL CLUBS TO GIVE CONCERTS AT WELLESLEY

The management of Technology's Combined Musical Clubs has just announced that two concerts will be given, Friday evening, December 21, and on Saturday evening, December 22, in the Concert Hall of Wellesley. The combined Musical Clubs will be called The New College Orchestra. Special train service has been arranged for, so that Bostonians and those from neighboring towns may return to Bos- ton after the concerts.

The Saturday night concert will be followed by dancing. Friday night's program will be somewhat longer and has been arranged especially for those who do not care to dance. The details of the program are not yet settled, but it is certain that the better part of the evening will be taken up by the combined Wellesley and Technology bands. The other numbers will be drawn between the two colleges.

The concerts will be given every three years and since then Mr. Tappan, Harvard University, and Mr. F. H. Tappan, Wellesley College, have been among the principal members of the committee. The Waldoerene Chains.

ALUMNI ELECTED TO BOARD OF TRUSTEES

President Macrory announced the election of Gen. Edward, Haynes of Buf- falo, N. Y., and Prof. C. F. Allen, of Boston, as members of the Institute Board of Trustees. Prof. Haynes was a student at Technology and graduated with the class of 1877. The achievement that brought him into public notice was the building of the southern bridge across the gap at Vincennes Falls. He has been under the spur of railroad necessity and has performed his duties in every instance. Mr. C. F. Allen, the father of President D. H. Haynes, who holds his title through state military service, has been engaged in engineering projects in all parts of the world.
