The Question Box has been in operation for five years. Numerous questions have arisen, and as many answers have been given. There are always certain doubts cast upon the student body and the Alumni about the administration of Tech. It was thought for a little while that the Tech staff would be interested in establishing a medium for clearing up these facts. It was decided, however, that neither the Alumni nor the staff of the Tech can answer questions that concern themselves directly. Questions of this nature will be forwarded to Tech staff members who think they will be of help to Technology in general.

"What is the present method?"

"I am a juvenile freshman and would like to know if the reports of Coach Cheethall will have the same effect on my standing in Tech as these reports have on the faculty and students of the University."

"I am a first-year student and notice that all student freshmen are allowed to compete for the athletic teams. I am interested in football, but am not sure that I should compete in the Tech team."

"I am a student who is engaged in the military service. I would like to know if I am still able to compete in athletic teams."

"I am a senior who is a member of the football team. I would like to know if I am allowed to compete in the athletic teams of the University."
