From the first undoubtedly the most pressing piece of work to be done by Technology has been the provision of means for the issuance of Tech cards to its members. This was followed up, and constant reference is made to it in the annual address of the Tech Student Association. We wish to point out that the Tech card is needed for the purposes of the auxiliary and of the Technology Bureau, and that, for various reasons, it must be procured and used. If you have not already done so, we therefore urge that you get in touch with your Tech card and see that you have it in your possession.

EXCELLENT WORK

The motto of the Auxiliary, as I had never asked for it, is a fine one. It is a commendation to every member of the school, and to every member of the Auxiliary. The Auxiliary has come to be recognized as one of the most important organizations of the school, and it is the Auxiliary that is doing the real work of the school.
